## Physicians Give Renewed Hope That He Will Recover---Condition Today Promising.

MILBURN HOUSE, BUFFALO, N. Y., SEPT. 9.--6 A. M.—THE PRESIDENT PASSED A SOMEWHAT RESTLESS NIGHT. SLEEPLING FAIRLY WELL. GENERAL CONDITION UNCHANGED. PULSE, 120; TEMPERATURE, 101; RESPIRATION, 28.

P. M. RIXEY,
M. D. MANN.
GEORGE B. CORTELYOU,
Secretary to the President.

MILBURN HOUSE, BUFFALO, N. Y., SEPT. 9.—THE FOLLOWING BULLETIN WAS ISSUED BY THE PHYSISIANS AT 9:20 A. M.:

THE PRESIDENT'S CONDITION IS BECOMING MORE AND MORE SATISFACTORY.

UNTOWARD INCIDENTS ARE LESS LIKELY TO OCCUR. PULSE, 122; TEMPERATURE, 100.8; RESPIRATION, 28.

P. M. RIXEY,
M. D. MANN,
ROSSWELL PARK,
HERMAN MYNTER,
EUGENE WASDIN,
CHARLES M'BURNEY.
GEO. B. CORTELYOU,
Secretary to the President.

THE AFTERNOON CONFERENCE OF PHYSICIANS WAS FINISHED AT 3:45 AND THE TWO FIRST PHYSICIANS TO LEAVE, DRS. MYNTER AND WASDIN, WITH SMILING FACES, DECLARED: "NOTHING NEW, GENTLEMEN. THE EXAMINATION WAS PERFECTLY SATISFACTORY AND THE PATIENT IS IMPROVING."

THREE MEMBERS OF THE CABINET, GAGE, HITCHCOCK AND WILSON, ARRIVED WHILE THE DOCTORS WERE IN CONSULTATION. THEY GAVE RISE TO A REPORT THAT THE CABINET OFFICIALS WOULD CONSULT WITH THE DOCTORS AS TO A CONTEMPLATED OPERATION, BUT SECRETARY GAGE PROMPTLY SILENCED SUCH REPORTS. HE SAID TO THE ASSOCIATED PRESS THAT EVERYTHING WAS HIGHLY ENCOURAGING AND HE AND ATTORNEY GENERAL KNOX WOULD LEAVE THIS EVENING FOR WASHINGTON.

MILBURN HOUSE, BUFFALO, N. Y., SEPT. 9.—3::25 P. M.—MRS. M'KINLEY RETURNED AT THIS HOUR FROM A DRIVE OF THIRTY MINUTES. SENATOR HANNA ARRIVED AT THE HOUSE AT THE SAME TIME.

Milburn House, Buffalo, N. Y., Sept. 9.—President McKinley's condition this morning is so satisfactory that it has dispelled the last shade of doubt and apprehension and has led those nearest him to make the most confident predictions of his recovery. The official bulletins from the physicians as well as the authoritative statements of those in most intimate relations with the presidential household give certainty to the feeling that the worst phases of the crisis are about over.

The tone of the 6 a. m. bulletin in reference to the president's somewhat restless night gave temporary apprehension, but this was speedily dispelled by the results of the consultation held by the doctors from 8 to 9 o'clock and officially announced at the latter hour. This disclosed a marked improvement in the pulse and temperature. Aside from these pathological features the doctors gave the cheering information free from all technicalities of science that the president's condition was becoming more and more satisfactory and untoward complications were becoming less likely. Besides their officially signed utterances the doctors gave individual expressions, referring with bouyant and confident tone, They made known, too, that the president's mind was clear, his mental faculties as vigorous as ever and that he retains his cheerful, happy disposition. He was even said to be ready to talk with the doctors, but they restrained him to a considerable extent. These positive assurances gave to the members of the cabinet and to the relatives and nearest friends of the president a feeling of confidence little short of absolute certainty that the president was now well on the way to recovery. Without exception those who came from the Milburn house expressed the same view. Among those who called to receive the good news and then to repeat it to the many anxious watchers were Attorney General Knox, Secretary Wilson, Postmaster General Charles Emery Smith, Senator Hanna, Abner McKinley, Myron T. Herrick, Senator Fairbanks, Comptroller Dawes and many others holding the closest relations with the president.

### DOCTOR'S ARRIVE.

Shortly after 8 o'clock the doctors who had not taken part in the all-night vigil began to arrive. Dr. Wasdin, the marine hospital specialist, was the first to reach the house and joined Dr. Rixey, who had remained at the president's bedside continuously practically throughout the night. Dr. Parke arrived at 8:15 and it was apparent that the morning consultation of all the physicians soon would be held. At this time all was quiet about the Milburn household except for the coming of the doctors. Secretary Cortelyou, who had been on duty on and off all the night, was catching a little needed rest in an upper chamber, and the regular force of house attendants had not yet come on duty.

### WEATHER FAVORABLE.

Aside from the pathological conditions of the case, circumstances today were peculiarly favorable for the patient. It was an ideal September day, with bracing air, moderate temperature and a light breeze blowing over the entrance to the Milburn house. The sun shone brightly most of the time, with now and then the shadows of light, fleecy clouds. The physicians were quick to note these external conditions, for they contributed greatly to the comfort of the patient and gave assurances against the depression of extreme heat or inclement weather.

The morning consultation of the physicians brought out that the condition of the president was entirely satisfactory and as they came from the house they expressed renewed confidence in his recovery.

It was stated that the official bulletin which was being prepared would show a gratifying condition.

The doctors began assembling about 8 o'clock and it was 9:15 before any of them came away from the Milburn house.

### AN ANXIOUS WAIT.

Pending their conferences there was an anxious wait. Several visitors arrived, including ex-Postmaster Bissell and Charles P. Sanger. Mr. Bissell was one of the first to emerge from the house after the doctors had completed their consultation, and in a brief, general way, he summarized the situation by saying that the conditions were favorable, although he had no details. A few moments later Dr. Roswell Park and Secretary Wilson came out together. Dr. Park answered the many inquiries with a cheerful and very positive assurance of confidence.

"The situation is entirely satisfactory," said he, "and there are no symptoms to cause alarm."

He was asked if the earlier bulletin referring to the president's "somewhat restless night," warranted any apprehension.

### RESTLESSNESS NATURAL.

"Not in the least," he replied. "It is entirely natural that a patient in

# LOOTERS AT FOO CHOW SLAUGHTERED

Vancouver, B. C., Sept. 9.—The steamer Tartar, of the Canadian fleet, has arrived from the Orient with the news of the burning of the business portion of the city of Foo Chow, China, on August 20. Over one million dollars damage was done and many people are said to have been killed in fighting over the loot.

The great fire in Foo Chow occurred on August 20 and was caused by the over-turning of a lamp in a native undertaking establishment. Hundreds of acres of business houses were destroyed and many people perished in the fire, which burned the greater part of two days.

European proprietors of business houses and large Chinese merchants ere the heaviest sufferers. During the progress of the fire and immediately after it, the cooley native population commenced looting the half-burned buildings. The Chinese police, under their European officers, were unable to prevent the looting, except in a small degree and before the second evening had passd large numbers of regular soldiers were called out. At that time many people had been killed in fights and there were dead bodies in every street. Five men were killed by the falling of a three story building. The carnage on the streets was awful. The soldiers, mounted, dashed up the main thoroughfares stabbing to death or trampling upder horses feet the robbers, who were carrying away goods in every direction. Even though knocked down, the natives, who were running away with stolen goods, held on to their bundles. The horsemen thrust them through the legs and arms with swords to make them drop these, and even then some of the coolies clung with such desperation that they were put to death where they had been knocked over.

Many of the injured were taken in ambulances and were being treated in the hospitals when the Tartar sailed from China.

# FORT WAYNE-TOLEDO LINE SURE

## Everett-Moore Syndicate is Behind It as Part of a Big System in Indiana---May Use Tracks of the Southwestern.

The gigantic Everett-Moore electric railroad syndicate, with a capital stock of $150,000,000, has turned its attention to Indiana territory and within a very short time will have a road running into Fort Wayne from Toledo. More than that, it now has under construction a line from Indianapolis to Peru and is planning the construction of several other roads in this state. The information comes from a reliable source.

The Toledo-Fort Wayne project has been decided upon for some time and readers of The Sentinel will remember that it was announced that work was begun on a road between Toledo and Defiance early in the summer. This is part of the Everett-Moore extensions, but the plan is much larger. As soon as the road shall have been completed between the Ohio towns work will be begun on its extension to Fort Wayne. Here a traffic agreement will be entered into with the Fort Wayne and Southwestern traction company for the use of its tracks to Peru.

At the present time the Everett-Moore crowd is having constructed a line from Indianapolis to Peru. Townsend, Reed & Co., of this city, have the contract for the work and have had a force of men employed on it at Noblesville for some time. The road is being constructed under the name of the Central Traction company, but it is the Everett-Moore syndicate operating under another name for convenience. This road will connect with the Fort Wayne and Southwestern at Peru, giving the Toledo crowd continuous lines connecting Toledo, Detroit, Cleveland and Indianapolis.

It was the original intention of the Everett-Moore company to build from Toledo to Peru, but the construction of the Fort Wayne and Southwestern to Huntington gave the owners of that road an opportunity to occupy the route, which they will proceed to do as quickly as possible. It was for this reason that the officials of the road were here last week going over the territory between Fort Wayne and Danville, Ill.

# A HOST OF HEROES

VETERANS ARE THRONGING TO CLEVELAND.

## G. A. R. ENCAMPMENT IS BEGUN

WILL BE LARGEST IN HISTORY OF ORGANIZATION.

## SICKLES FOR COMMANDER

GALLANT OLD VETERAN HAS A STRONG FOLLOWING.

Cleveland, Sept. 9.—The first day of the thirty-fifth annual encampment of the G. A. R. opened under the most auspicious circumstances and it is now quite evident that the event will be one of the greatest in the history of the organization.

The streets were thronged with people throughout the day and the citizens committee had all it could do to care for the ever increasing crowds of visitors.

The day was largely devoted to assigning the veterans to their quarters. The committee appointed yesterday to arrange for president's day met this afternoon at the Union club, and it is announced that the preparations for Thursday's great mass meeting and good will gathering will be as extensive and interesting as the big parade Wednesday. Vice President Roosevelt has not yet been heard from, but the arrangements for president's day will be pushed, and it is confidently expected that the vice president, with members of the cabinet and other eminent visitors, now in Buffalo, will be in attendance.

Several eastern posts, prominent in which are those of the department of New York, have started an early boom for the candidacy of General Daniel E. Sickles for commander in chief of the Grand Army.

General Sickles has little to say regarding his candidacy, but it is known that his campaign is in the hands of Chas. A Orr, commander of the department of New York, who has already issued a statement in his behalf. He is opposed to the administration of the pension office and will make his fight in the encampment on that issue.

General Sickles is one of the last of the great corps commanders now living and has been called the hero of Gettysburg. He had his right leg shot off in that battle.

Other candidates are General Stewart, of Pennsylvania, and Judge Torrance, of Minnesota.

The afternoon was taken up with the various committee meetings.

At noon today it was estimated that there were nearly 100,000 strangers in the city and it is confidently expected that on Wednesday and Thursday the city will entertain 300,000 visitors.

### SAW PRESIDENT SHOT.

Mr. and Mrs. William Kaiser, of 86 Wells street, were visitors at the Buffalo exposition Friday and witnesses Czolgosz's murderous attempt upon the life of President McKinley. Mr. and Mrs. Kaiser had entered the gallery in the Temple of Music and secured seats which afforded a view of the president shaking hands with the throng of people below them. They happened to be watching the president at the instant the assassin approached; they heard the two pistol shots, saw the puffs of smoke arise and give a vivid description of the pendemonium which followed.

### INSANE; DEMANDED CASH.

John Harrold, an inmate of the county farm, was arrested on the street by Detective Coling this afternoon. He went into the White bank and in a loud voice demanded $10,000 immediately, startling the bank officials for a moment. He soon went out and accosted people on the street, until he encountered the detective, who told him to come along and he would get the money, landing him in the police station. The man is demented.

Supt. Robert Whealey, of the Barber Asphalt company, is in the city to present his bid for Taber street to the board of works tonight. Contractor Derheimer will have the Barr street pavement completed by tomorrow evening.

The W. C. T. U. will meet Tuesday afternoon at 2:30 at the Berry Street M. E. church, and every white ribboner is invited to be present.

# HE STICKS TO HIS STORY

## Anarchist Czolgosz Stoutly Maintains That He Acted Alone---No Clue Found to a Plot.

Buffalo, N. Y., Sept. 9.—Czolgosz has made no additional admissions to the police officials and nothing that they have learned from him has aided toward a solution of the criminal side of the case. He still insists that he alone conceived, planned and carried out the crime and that he alone must answer for it. He admits that he attended meetings at which Emma Goldman spoke and he and his fellow anarchists discussed their propaganda of murder, but steadfastly denies that any of them had a part in his plan. His talks with them were fairly general, he says, and he did not divulge to them any feature of his scheme to come here and kill the president. His statement on that feature made on Saturday created the impression that he acknowledged a general talk with his assistants on this principal crime, but he now says that there was no justification for that impression. He is to be subjected to another examination today by Superintendent of Police Bull and District Attorney Penny, but the results are problematical. The stories that the prisoner is wearing out physically and mentally under the strain of his crime, imprisonment and the ordeal of questions are denied by the police, who say that there is no appreciable change in his general condition. They admit that he was clever enough to avoid admissions of a damaging character on ground outside of his general confession.

### NO CABINET ACTION.

Many sensational reports are being circulated about cabinet action looking to the apprehension and prosecution of Emma Goldman and leaders of anarchist organizations, of mysterious directions from the secretary of war to the police here, and of developments of a startling nature that are anticipated. The great majority of these reports, in the words of a cabinet officer, are "manufactured out of the whole cloth."

The question of the prosecution of Czolgosz the cabinet are unanimously of the opinion is purely a local affair. There is no government statute covering an assault upon the president of the United States, and in the eye of the law the crime of last Friday is merely a local offense committed against a private citizen in violation of the laws of the state of New York and of Erie county. The national government can have no hand in the prosecution of a local offender; his trial will take place in the local courts.

### TO PREVENT HERO-WORSHIP.

The only request Secretary Root has made to the superintendent of police and the district attorney here was one designed to prevent the would-be assassin from being made a hero of by exploitation. Mr. Root's view in this respect was shared by other members of the cabinet and the local authorities have declined to allow reporters to have access to the prisoner or even to see him. Of course, if Czolgosz had accomplices they will be ferreted out and all the aid which the government can furnish will be employed, but it can be stated upon the authority of a cabinet officer that no wholesale proceedings against anarchists are contemplated.

No specific order for the arrest or detention of Emma Goldman has been sent out by Superintendent Bull, but it is possible that she will be arrested on the general request that the police throughout the country locate and examine any person who may be suspected of complicity in the crime.

### TRACING EMMA GOLDMAN.

The police have been unable to verify the report that Emma Goldman was in the city one week ago today, but they are endeavoring to trace her movements immediately before and after the president was shot. It is practically admitted that so far they are without any evidence that directly connects her with Czolgosz's crime. Just as in the case of all other anarchists who might have had part in the crime, she is just now the subject of searching police examination.

Alfonso Stutz, the German soldier arrested here as a suspect, is still held in custody, but there is not much prospect of connecting him with Czolgosz. Superintendent Bull said today that he had practically made up his mind that Stutz was entirely innocent, but that he would probably examine him again before finally deciding. Stutz is to be prosecuted for carrying concealed weapons.

### SEIZE TRUNK OF SUSPECT.

New York, Sept. 9.—By order of Police Commissioner Murphy the police today seized the trunk of Alfonse Stutz, who was arrested at Buffalo Sunday on suspicion of being implicated in the attempt upon President McKinley's life. The trunk was taken to police headquarters for examination. Stutz only recently arrived in this country. Captain of Detectives Titus will not say anything on the subject, but it is known that the detectives are diligently searching for clews to the whereabouts of Emma Goldman. Leaders among the anarchists deny that she is in the city. They assert that she is in hiding in St. Louis.

### EMMA IN ST. LOUIS.

St. Louis, Sept. 9.—It was learned today that Emma Goldman called for mail at the St. Louis postoffice at 9 a. m. Saturday. In the afternoon she called again and left a request that any mail received for her should be forwarded to the general delivery at Chicago.

### WHAT CZOLGOSZ SAID.

Detroit, Mich., Sept. 9.—A special to the Journal from Alpena, Mich., says:

John Sherwood, a well-known land looker, also a lumberman, states that Leon Ccolgosz worked in a cedar camp near Southbranch Thunder Bay river, two years ago. He went by the name of Fritz or Fred Nieman at that time. Sherwood says the fellow was a radical anarchist and made the statement:

"The government will fall in three or four years. The president will be killed. The anarchists will win. The time for action will soon be here."

He talked of nothing else to the men working in the camps. At times he was morose, but never showed any signs of insanity. He did not say he used to live in Alpena, but was recognized by men who knew him and his family.

### HELD WITHOUT BOND.

Chicago, Sept. 9.—Nine alleged anarchists under arrest here were brought before Magistrate Prindiville today. At the request of the city attorney the hearing was postponed until September 19 in order to allow more complete investigation of charges that the prisoners conspired to assassinate the president. The police are working on the theory that Czolgosz was inspired by teachings he received while here last July. The six male prisoners were held without bail, pending the hearing, while the three women arrested with them were held in bonds of $3,000.

### NO CLUE TO PLOT.

Cleveland, Sept. 9.—Superintendent Corner, of the Cleveland police department, gave out an official statement to the Associated Press regarding the alleged anarchitistic plot to take the life of the president. He

# A SCHLEY PERSECUTOR TURNED DOWN

Buffalo, N. Y., Sept. 9.—Acting Secretary of the Navy Hackett has been pressing Attorney General Knox both by wire and letter to appoint one of the assistant attorney generals to assist Captain Lemly, the judge advocate of the Schley court of inquiry, in the conduct of the case before the court.

The attorney general, however, has declined to take a step which he believes would look like government prosecution of the officer under investigation.

The government, in his opinion, should have no part in the inquiry. It is an inquiry under the navy department, made at the request of Admiral Schley, and the government has nothing to do with it. The president himself recommended Admiral Schley for promotion and now for the department of justice to detail an officer under it to assist in the conduct of the case would inevitably be construed as a desire on the part of the administration to convict Admiral Schley. The attorney general was sustained in his position by all the members of the cabinet whom he consulted.

The whole question was gone over carefully at a meeting held in the Glenny house, adjoining the Milburn residence, yesterday. Attorney General Knox wired his decision to Acting Secretary Hackett yesterday.

The members of the cabinet have no knowledge of any suggestion of postponing the Schley court.

### DEWEY AND BENHAM CONFER.

Washington, Sept. 9.—Two members of the Schley court of inquiry were at the navy department this morning, namely, Admiral Dewey, the president of the court, and Admiral Benham. Admiral Howison has not yet come to Washington.

Admiral Dewey was in conference with Judge Advocate Lemly for some time respecting the arrangements which Captain Lemly has made for the seating of the press and spectators in the court room and as to other details.

Unless the president's condition should change materially for the worse the court will meet on Thursday next, exactly as ordered in the precept, and the inquiry will begin at once.

It had been supposed that several days would be consumed in organizing the court and in dilatory adjournments pending the beginning of the real work of the inquiry. The determination of the court, however, is to settle down to work immediately. If objection is made to any member of the court, that objection probably will be disposed of by the court itself in short order. It certainly will not be allowed to delay the beginning of the inquiry many hours, much less days, according to the present temper of the court.

# GRAVE TROUBLE SEEMS IMMINENT

## Strikers in Large Numbers Picket Mills and Prevent Men Going to Work---Prospect of Peace Thought Fair.

Pittsburg, Sept. 9.—The strike situation in McKeesport reached an acute stage this morning and serious trouble was feared as a result of the efforts of the striking tube workers to prevent men from returning to work as they did Saturday. The effort was almost perfectly successful and where last week from 800 to 1,000 men went back into the mill, not more than a dozen were able this morning to elude the multitude of pickets and get back into the mill.

There was great excitement in McKeesport this morning as a result of this turning out of the strikers, more than at any time yet.

Something over 2,000 strikers congregated about the great plant of the National Tube company shortly after midnight and remained there until this morning. Every approach to the mill was guarded most vigilantly and around the main entrance more than 600 strikers and sympathizers gathered. The streets adjacent to the mills were crowded and as men approached to go to work they were met and turned back.

At Demmler a crowd of fully 200 strikers gathered about the plan-

# THE PRESIDENT WILL LIVE

(Continued From First Page.)

the president's condition should have some periods of restlessness. But he is receiving no anesthetics. He is fully conscious at all times when he is awake and his mind is clear."

When asked if the president conversed with those about him, the doctor said the patient was quite abe to talk and did as far as permitted, although they were reluctant to permit him to sap any of energy in this way.

Secretary Wilson, who moved on down Delaware avenue while Dr. Park was talking to the newspaper men, was overjoyed with the word which the physicians had brought from the sick room.

"The president will get well," he said, several times. "I feel it, and I am sure the doctors now feel it. Of course, the danger point has not been passed, but the continued absence of unfavorable symptoms strengthens our hope.

NO SIGN OF INFLAMMATION.

"The period for peritonitis to appear is rapidly passing away and there is not a sign of inflammation. The promptness with which the operation was performed and the skill with which it was accomplished are telling their story. The tissues were sutured so quickly that they probably began to heal immediately. The president's good health and the long life of careful living behind him are in his favor, but above all, his indomitable will and his fine courage are the factors counted upon to pull him through. He has made up his mind to live, and live he will.

"The rise in his temperature during the night was somewhat disturbing, but his febril condition is better this morning and our hopes continue in the ascendant. The fact that his slumber during the night was restless is not to be wondered. All the conditions under which he is living are abnormal. The water and liquid nourishment which he is receiving are being administered hypodermically, and this fact alone would account for his restlessness."

EVERY HOUR A PROMISE.

Dr. Hermann Mynter came from the Milburn house at 9:30. He said to the Associated Press:

"Everything is satisfactory. Every hour that passes with no decidedly unfavorable results is encouraging and indicative of final recovery."

Dr. Eugene Wasdin, another of the consultation staff, emerged from the house a few minutes later. He said:

"There are no distressing symptoms. The restlessness of the patient during the night is not serious and is to be expected when it is understood that he slept during the day yesterday."

Abner McKinley, brother of the president, arrived at the house of Mr. Milburn at 10:05 and was immediately admitted. He had come all the way from Denver.

Senator Fairbanks and Comptroller of the Currency Dawes came from the house together and their smiling faces indicated the satisfaction prevailing among those nearest the president. "Splendid, splendid," Senator Fairbanks exclaimed to the doctors' last report.

ABNER M'KINLEY ARRIVES.

Just then Abner McKinley and several friends arrived and there was an interesting group on the lawn, with the tall figure of Senator Fairbanks in the center and Messrs. McKinley and Dawes on either side. The good news from the sick room was imparted to the president's brother and the latter's friends and all joined in heartfelt expressions of relief. Intense anxiety had been felt over the outcome of the morning conference, and the result lifted a great load of apprehension from those nearest and dearest to the president, giving them greater courage than had been felt at any time before.

When Abner McKinley came from the house at 10:35 he repeated the expressions of confidence given by those who had preceded him, but added no new details on the situation.

SENATOR HANNA HAPPY.

Senator Hanna drove up as Mr. McKinley left. The senator seemed to be in a happy frame of mind, as the satisfactory bulletin had already reached him. When a number of photographers leveled their cameras at him he smilingly asked:

"How many times a day do you fellows expect to do that to me?"

A friend of the senator who accompanied him added the jocular comment: "Instead of the camera, you had better put the X-rays on the senator."

Those passing remarks reflected the happy state of feeling which prevailed among those near to the president.

COLONEL HERRBICK THERE.

**The friend who accompanied Senator Hanna proved to be Myron T. Herrick, of Cleveland, one of the closest personal friends of the president. He and the senator remained some time in the house. Henry B. MacFarland, president of the board of commissioners of the District of Columbia, came from the house at 11 o'clock.**

"I am satisfied that there is no further doubt of the president's recovery," he said. "The bulletins are exceedingly conservative and they must be read between the lines to get the evidences of improvement. Read in this light and from all the surrounding previous instances, I believe the president is certain to recover."

Dr. Hermann Baier and his wife, formerly Miss Mabel McKinley, daughter of Abner McKinley, called about noon time to see Mrs. McKinley.

Secretary Hitchcock and Senator Hanna emerged from the Milburn house shortly after noon. The senator appeared to be very jubilant. He stopped a moment before entering his automobile to express his great satisfaction at the president's condititon.

"Every bulletin is an improvement," said he, "and the last is the best of all. Of course, last night was an anxious one, but the president passed it in safety without a change for the worse. The crucial period will probably extend throughout another day, possibly longer, but every hour now is a victory."

"Is the president's mind clear?"

"Clear as a bell," replied the senator promptly.

"Does he talk?"

"As much as he is allowed to," he answered, smiling. "Mrs. McKinley was with the president for some little time this morning," he added. "She is doing splendidly."

MRS. M'KINLEY SEES HUSBAND.

Mrs. McKinley was admitted to the sick room this morning and had a brief stay with her afflicted husband. The veil of domestic privacy is, of course, thrown over the details of the meeting, and any accounts of it are necessarily supposititious. Mrs. McKinley bore up well and displayed the same fortitude which has characterized her, as well as the president,, since the tragic event occurred. Although there have been statements that Mrs. McKinley had not been apprised in the manner in which the president was injured, it can be stated positively that she is fully aware that he was shot, although it has not been necessary to dwell upon the harrowing details of the affair. As much as possible she has been buoyed up by the encouraging attitude of the physician and she responded by giving all her strength toward passing through the ordeal with calmness.

PATIENT MOVED HIMSELF.

As indicating the growing strength of the president the following incident of the morning is related by one of those inside the Milburn house familiar with the facts:

"Mr. McKinley had been lying for some time in one position, but during this morning he asked if he could change this position. The doctors in attendance gave their assent, whereupon the president changed his position by his own effort, without difficulty and without pain."

ROOSEVELT CALLS.

Vice President Roosevelt did not leave the Wilcox mansion, where he is staying, until after the noon hour, and then he walked the mile to the presidential residence in company with a correspondent of the Associated Press. Just after he left the mansion he was accosted by a colored man who was raking a lawn. "Governor, may I shake hands with you," he said.

"You certainly may," answered the vice president, turning quickly and grasping his hand, and then as two laborers with dinner pails and tools slipped up, he shook hands with them. "Aint you afraid to be stopped?" asked one of the men.

"No, sir," he snapped out, "and I hope no official of this country will be afraid. You men are our protection, and the foul deed done the afternoon of Friday will only make you the more vigorous in your protection of the lives of those whom you select to office. Such men as you can work with the ballot the salvation of the country without resort to violence."

A SANGUINE VIEW.

As he walked on the vice president discussed the case of the president and his condition. He said in part:

"I believe that the bulletins being issued are not too sanguine. In fact I know they are not. I am perfectly positive that the president will recover; and more than that, I believe the illness will be brief and the recovery rapid. I had two men and a relative shot in the same manner in the Cuban campaign. They lay in the marshes for some time without attendance and yet they recovered.

"I may say that I have even deeper information than the bulletins, and I again say with great confidence that the president will recover.'

The vice president arrived at the Milburn house at 12:20 and was at once admitted. He remained about ten minutes, and when he came out reiterated what he said above.

# FAMILY FROM TWO STATES

## HOLDS ANNUAL REUNION AT ROBISON PARK.

Notable Gathering of the Kistler Family Sunday Brings About 600 Relatives Together.

Perhaps the largest gathering of relatives ever held in Allen county was the annual reunion of the Kistler family held Sunday at Robison park, when Ohio members of the family joined the Indiana branch in the yearly meeting. The allied families of Kistlers, Fredericks, Hoeltzells, Warners, Garmans, Myers and Hensingers were present to the number of about six hundred.

Nearly two hundred of the guests were from Seneca county, Ohio, arriving at noon. Street cars were in waiting and they were taken at once to the park, where the Indiana relatives wer gathered to the number of about four hundred. Upon an immense table, 125 feet in length, was piled an elaborate dinner, to which the visitors did liberal justice, the table being filled four times before all had been served.

Each person wore a badge indicating his membership in the family—the badges being distributed by a committee composed of Aaron Kistler and Eli Garman, assisted by Miss Alda Frederick. Eli Garman and Frank Garman, representing Indiana, and Aaron Kistler and William Frederick, representing Ohio, were reelected committeemen. Aaron Kistler, of Republic, Ohio, is president of the association, and John Metzgar is secretary. The day was thoroughly enjoyed.

It has been the custom for some years to hold these reunions alternately in Seneca county, Ohio, and the meeting next year will be held in the Ohio town.

# ABOUT THE COURT HOUSE

The superior court opened this morning and over thirty cases were called upon which rulings were made, judgments rendered and trials were set. The following judgments were entered:

Mabel S. Konn vs. James A. Konn, divorce to plaintiff, $100 alimony and permission to resume her maiden name, Shannon.

In the replevin case of the Marshall & Huschart Machinery company, of Monroeville, vs. D. S. Redelsheimer, the finding was for the plaintiff, who were, however, assessed for the costs.

In the case of Schreck vs. Borkenstine, $5,000 damages, an order was made that the court should request a copy of the plaintiff's pension papers from the federal government, as it is alleged by the defendant that the plaintiff is drawing a pension from the government for the identical injuries which are now claimed to have been inflicted by the defendant.

In the divorce case or Caroline Seeman vs. William Seeman, the defendant defaulted and part of the evidence was heard.

The case of William Moellering vs. T. J. Peter has been dismissed at plaintiff's costs.

The action of Mary C. Smith vs. Minnie A. Tether was settled and dismissed.

The damage suit of Eliza Smith vs. Maud Pearson, in which the plaintiff claims damages in the sum of $5,000 for the alienation of the affections of her husband has been set for trial October 10.

The case of Lowry vs. Lehr, which has encumbered the docket for a number of years, was stricken off by agreement.

The damage suit of Samuel Warner vs. the Fort Wayne Traction company will be heard in another county, the defendant having made an affidavit for change of venue.

The divorce case of Pence vs. Pence is on trial before Judge Aiken this afternoon.

The grand jury was empanelled this morning and Joseph Tonkel was selected as foreman. Julian Franke, Henry Branning and David Bowers failing to make their appearance Judge O'Rourke appointed Joseph Tonkel, Henry Wellman and Benjamin McIntosh in their stead. John Daily was appointed bailiff.

Charles Trowbridge, the young man bound over by Judge Louttit for stealing mattresses from the Foster factory, was brought into the circuit court this morning, where he entered a plea of guilty. He was sentenced to the prison south for an indeterminate years, one to fourteen years.

Edith J. S. Bonnell was committed to the feeble minded home this morning by Judge O'Rourke. The patient is over nineteen, and this is the first case from this county under the new law where the judge can make the commitment.

Arthur Richards, an incorrigible lad, was sent to the reform school by Judge O'Rourke this morning.

The case of George D. Ramp vs. Walter D. Ramp vs. Walter Powell has been venued here from Whitley county.

# WAS THEME OF MANY PASTORS

## MURDEROUS ATTACK ON PRESDENT M'KINLEY.

Denounced From Fort Wayne Pulpits—All Offered Prayers for Chief Executive's Recovery.

In Fort Wayne churches every denominations, without a single exception, earnest prayer was offered up Sunday that President McKinley, stricken down by the murderous hand of an assassin, might be carried safely through the crisis and be fully restored to health. There was but one sentiment, and the prayers of the clergymen but echoed the hope in the hearts of every hearer.

The effect of Friday's terrible affair at Buffalo was plainly evident in the solemn, thoughtful earnestness of the worshipers whenever the shooting of the president was mentioned, and with hardly an exception the pastors made reference to it in their sermons. In every quarter the crime was deprecated in the most earnest manner, and the anarchistic spirit which prompted the assassin in his despicable work was denounced in unmeasured terms. Among the pastors who made especial reference to the terrible affair at the morning service were Rev. Dr. Moffat, of the First Presbyterian church; Rev. J. Webster Bailey, of Plymouth Congregational church, and Rev. A. S. Prestoon, of Wayne Street M. E. church.

In the evening the attempt upon the life of the president was the theme of an especially strong sermon by Rev. J. Budman Fleming, of Westminster Presbyterian church, who took his text from II Samuel, 20:9-10, and in the couorse of which he said:

"A darker plot upon a fairer face could never have been made. Such a crime in such a civilization, in a country where the government is by the people and perpetrated upon such a man as President William McKinley, is almost unthinkable.

"William McKinley has been made the target of anarchy and nihilism and may God grant his recovery and permit him to live until these broods of vipers, hich have been hatched in nests of sin, are forever exterminated from our beloved country.

"Anarchy knows no justice and the rights for which it clamors are to destroy all law which offers society protection; to break up those institutions which animate and feed the better morals of the people and which distinguishes our civilization from that found in heathendom. Anarchy would lay in ashes every church and school house and college in the whole land. It would put an end to progress and virtue and establish a society of godless, lawless, stenchful, lustful human butchers. It would drive a dagger through your heart, put a torch to your dwelling and to industry and freedom.

"Under a complete reign of the gospel such deeds could not be. Nay, such deeds could not enter into the thougats of men. The man today who sympathizes with the perpetrator of such a black crime ought to be treated as an outlaw and a heathen."

THE MONEY MARKET.

# HE STICKS TO HIS STORY

(Continued From First Page.)

states that the Cleveland police force has been following up the meager threads of evidence presented but that they can find no proof whatever that such a plot existed.

There is still a strong impression among residents of Newburg that a ring of anarchists exists in that locality and that they are working in conjunction with Chicago anarchists.

THE ASSASSIN'S STORY.

Buffalo, N. Y., Sept. 9.—The statement of Leon Czolgosz made to the police, transcribed and signed by the prisoner is as follows:

"I was born in Detroit nearly 29 years ago. My parents were Russian Poles. They came here 41 years ago. I got my education in the public schools of Detroit and then went to Cleveland, where I got work. In Cleveland I read books on socialism and met a great many socialists. I was pretty well known as a socialist in the west. After being in Cleveland for several years I went to Chicago, where I remained seven months, after which I went to Newburg, on the outskirts of Cleveland, and went to work in the Newburg wire mills.

"During the last five years I have had as friends anarchists in Chicago, Cleveland, Detroit and other eastern cities and I suppose I became more or less bitter. Yes, I know I was bitter. I never had much luck at anything and this preyed upon me. It made me morose and envious, but what started the craze to kill was a lecture I heard some little time ago by Emma Goldman. She was in Cleveland, and I and other anarchists went to hear her. She set me on fire.

"Her doctrine that all rulers should be exterminated was what set me to thinking so that my head nearly split with pain. Miss Goldman's words went right through me, and when I left the lecture I had made up my mind that I would have to do something for the cause I loved.

"Eight days ago while I was in Chicago I read in a Chicago newspaper of President McKinley's visit to the Pan-American exposition at Buffalo. That day I bought a ticket for Buffalo and got here with the determination to do something, but I did not know just what. I thought of shooting the president, but I had not formed a plan.

"I went to live at 1078 Broadway, which is a saloon and hotel. John Nowak, a Pole, a sort of politician who has led his people there for years, owns it. I told Nowak I came to see the fair. He knew nothing about what was setting me crazy. I went to the exposition grounds a couple of times a day. Not until Tuesday morning did the resolution to shoot the president take hold of me. It was in my heart. There was no escape for me. I could not have conquered it had my life been at stake. There were thousands of people in town. I heard it was president's day. All those people seemed bowing to the great ruler. I made up my mind to kill that ruler. I bought a 32-calibre revolver and loaded it.

"On Tuesday night I went to the fair grounds and was near the railroad gate when the presidential party arrived. I tried to get near him but the police forced me back. They forced everybody back so that the great ruler could pass. I was close to the president when he got into the grounds, but was afraid to attempt the assassination because there were so many men in the body-guard that watched him. I was not afraid of them or that I should get hurt, but afraid I might be seized and that my chance would be gone forever.

"Well, he went away that time and I went home. On Wednesday I went to the grounds and stood right near the president, right under him, near the stand from which he spoke. I though half a dozen times of shooting while he was speaking, but I could not get close enough. I was afraid I might miss and the great crowd was jostling and I was afraid lest my aim fail. I waited Wednesday and the president got into his carriage again and a lot of men were about him and formed a cordon that I could not get through. I was tossed about by the crowd and my spirits were getting pretty low. I was almost hopeless that night as I went home.

"Friday morning I went again to the exposition grounds. Emma Goldman's speech was still burning me up. I waited near the central entrance for the president, who was to board his special train from that gate, but the police allowed nobody but the president's party to pass where the train waited, so I stayed at the grounds all day, waiting.

**"During Friday I first thought of hiding my pistol under my handkerchief. I was afraid if I had to draw it from my pocket I would be seen and seized by the guards. I got to the Temple of Music the first one** and waited at the spot where the reception was to be held. Then he came—the president—the ruler—and I got in line and trembled and trembled until I got right up to him and then I shot him twice through my white handkerchief. I would have fired more, but I was stunned by a blow in the face—a frightful blow that knocked me down—and then everybody jumped on me. I thought I would be killed, and was surprised at the way they treated me."

Czolgosz ended his story in utter exhaustion. When he had about concluded he was asked:

"Did you really mean to kill the president?"

"I did," was the cold-blooded reply.

"What was your motive; what good could it do?" he was asked.

"I am an anarchist. I am a disciple of Emma Goldman. Her words set me on fire," he replied, with not the slightest tremor.

"I deny that I have had an accomplice at any time," Czolgosz told District Attorney Penny. "I don't regret my act, because I was doing what I could for the great cause. I am not connected with the Paterson group, or with those anarchists who sent Bresci to Italy to kill Humbert. I had no confidants; no one to help me. I was alone, absolutely."

FINANCIERS CONFIDENT.

London, Sept. 9.—"The feeling of the British financial world," said Lord Rothschild this morning to a reporter of the Associated Press, "is that President McKinley will get well and everything come all right. Hence the rise of American securities on the stock exchange above parity."

Asked if he thought the financial condition of the United States was strong enough to withstand the worst contingency. Lord Rothschild said:

"We are not dealing with hypotheses. We think President McKinley will live and that is sufficient. Today's rise is due to a general feeling in that and to no concerted action on the part of the financial leaders."

Lord Rothschild expressed sorrow for the attempted asssssination of President McKinley and added that everybody he knew felt the same way.

HEAT NERVE PROSTRATION.

SUDDEN PROSTRATION IS A FEATURE OF HOT WEATHER UPSET NERVES AND WEAK NERVE CENTERS ARE THE CAUSES.

All along the line of mental and muscular exhaustion so prevalent during the summer months is the underlying cause of overworked nerves—over consumption of Nerve Tissue which has not been replaced. It is manifested in the mind that refuses to receive and act upon impressions in the usual way—and that, sometimes when attempted to be whipped into work, jumps the bounds of reason and flounders in a maze of confusion. It is manifested physically by an over-tired, languid, exertionless, muscle-relaxed condition that lacks resisting power which is necessary to withstand heat exposure. It's by the influence of Dr. A. W. Chase's Nerve Pills in rallying Nerve Force that energy is quickened—the great web like Nerve System of the body vibrates with new life—Brain Nerves—Heart Nerves—Stomach Nerves fell the influence as activity replaces lassitude and strength is regained. The hidden current within which speels life has been brought to nature's required standard.

Mrs. S. Henline, of 283 Webster street, Fort Wayne, Ind., says: "As a nerve tonic Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun street, are fine. I was nervous, sleepless and weak. The medicine cured this giving strength, energy, good peaceful sleep and strong steady nerves. I am glad to recommend it."

### FATHER WAS COMPLAINANT.

(Columbia City Post.)

Sheriff Gallagher returned Friday evening from Fort Wayne with Arthur Christeon, who was wanted on the charge of grand larceny. The young man had stolen the watch of his father in this city on Monday, as previously chronicled by this paper, and Saturday morning went before Judge Adair and plead guilty to the charge. His honor, after giving the young man a good lecture, sentenced him to the Indiana reformatory at Jeffersonville for a term of two to fourteen years. The case has caused considerable comment and is, indeed, a sad one. The young man will be held in custody here probably until the end of court, when others may have to leave for the same destination.

Miss Mattie Staub is the guest of Miss Carrie Plessinger, of Bluffton.

### KNOWLEDGE OF FOOD.

Proper Selection of Great Importance in Summer.

The feeding of infants is a very serious proposition, as all mothers know. Food must be used that will easily digest, or the undigested parts will be thrown into the intestines and cause sickness.

It is important to know that a food can be obtained that is always safe, that is Grape-Nuts.

A mother writes: "My baby took the first premium at a baby show on the 8th inst., and is in every way a prize baby. I have fed him on Grape-Nuts since he was five months old. I also use your Postum Food Coffee for myself." Mrs. L. F. Fishback, Alvin, Tex.

Grape-Nuts food is not made solely for a baby food by any means, but is manufactured for all human beings who have trifling, or serious, difficulties in the stomach and bowels.

One especial point of value is that the food is predigested in the process of manufacture, not by any drugs or chemicals whatsoever, but simply by the action of heat, moisture and time, which permits the diastase to grow, and change the starch into grape-sugar. This presents food to the system ready for immediate assimilation.

Its especial value as a food, beyond the fact that it is easily digested, is that it supplies the needed elements to quickly rebuild the cells in the brain and nerve centers throughout the body.

Emma Goldman, who appears to have been largely the cause of the assault on the president's life, would be serving mankind more usefully darning socks than damning governments.

An eminent criminologist pronounces Czolgosz, the assassin, a degenerate of lowest type. It is on many accounts to be hoped that he is. Normal men will be glad to have as little in common with the wretch as possible.

The prospect that the Everett-Moore electric railway syndicate is headed this way with its lines ought to help along adoption of a policy of general encouragement of such enterprises by the municipality and citizens of Fort Wayne. Though we should not get that concern's line, there are and will be others. Help get 'em.

The news that comes today from the bedside of the stricken president is of a sort to cause rejoicing throughout the land. While the distinguished sufferer is not yet beyond the danger line he is making such a superb fight and holding his own so well that recovery now seems more than mere hope. If the president shall do as well for the next twenty-four hours as he has for the past twenty-four his restoration to health and strength may be regarded as almost assured.

Certainly the principle of free speech never meant in this country nor in any other the right to openly and without hindrance or fear of consequence advocate assassination. It is easy enough to say the ravings of the Herr Mosts and Emma Goldmans are harmless, because for the most part they are; but here and there is a vain degenerate like Czolgosz or Bresci to be inflamed with zeal to murder. There's the harm of it and the reason for compelling free speech to be lawful speech. To preach assassination in a land where every wrong may be righted peacefully by the ballot is so monstrous as to make one shudder.

It is an interesting report that comes from Buffalo today that Atorney General Knox has positively efused to appoint one of the assistnt attorney generals to aid Judge dvocate Lemly in the conduct of he Schley inquiry. It appears that ssistant Secretary of the Navy ackett has been persistent in his demand that one of the officers of the law department of the government be detailed to assist in what the acting navy secretary offensively misconceives to be a prosecution of the victor of Santiago. The action of Attorney General Knox is said to have the full approval of the cabinet and of the president. The news is wholesome and refreshing. Meanwhile, it does not deal with the apparent necessity to find an assistant secretary of the navy who is not burning with so much zeal to convict a real hero of something.

### CURBING THE REDS.

The attempt on the life of the president is, as it now appears, likely to have salutary influence in the direction of restraining the evil work of the propagandists of anarchy in this country. Many remedies are being suggested and discussed, and most of them have a degree of merit. Whatever is done to restrain the preachment of violence and the plotting of assassinations by groups of anarchists in the United States will have the hearty approval of the country.

Among the measures likely to be of benefit is proposed co-operation by the police departments of the cities of the country to spot and keep watch of the known anarchists, especially the agitators, and to prevent by such laws as already exist in most of the states the incendiary public utterances of the leading propagandists. Such measures will make it comparatively easy to keep the more dangerous element among them under effective surveillance.

There is likely to be much special and some drastic legislation dealing with this species of crime the coming winter and it will follow as a result that the anarchists who preach the use of the bomb, the knife and the pistol can be held down. Doubtless, also, there will be laws enacted to especially deal with persons who kill or attempt or plot to kill the heads of government.

However all this may turn out, one thing is certain, and that is that the immigration laws should be so reformed as to prevent the coming to this country of the foreign classes from which the ranks of the anarchists are most considerably recruited.

## SECOND WEEK IN OCTOBER

### CHOSEN FOR FORT WAYNE RACE MEET THIS YEAR.

### Red Ribbon Association Hangs Up Purses Aggregating $5,000 —The Program.

The Fort Wayne races this year will be held the second week in October—the meet beginning Tuesday, October 5, and continuing four days—and purses aggregating $5,600 will bring a splendid lot of horses to the local track. ## WANT ANARCHISTS EXCLUDED

### TIPPECANOE CLUB TO TAKE UP THE QUESTION.

### Will Favor More Rigorous Punishment for an Attempt on Life of the President.

The Tippecanoe club will hold its regular monthly meeting next Wednesday night, and it is expected that a resolution will be introduced, discussed and adopted in favor of needed action on the exclusion of anarchists from the country and for proper punishment of the crime of assassination or attempted assassination of the president or other constituted heads of the government and the state. C. R. Lane, president of the club, said this morning:

"The attack on the president, if he lives, as it now seems, thank God, that he will, is an assault with intent to kill, with a maximum penalty under New York laws of ten years in prison, with three years off for good behavior. This utterly fails to fit the crime. Seven years for striking down the most precious life in the republic—not because of the man, but of the office which he holds—is grotesquely inadequate and its moral effect is not only to bring contempt on the American people in the eyes of the good people of the rest of the world, but to encourage other assassinations. There is no less majesty in the sovereignty of the American people than in the sovereignty of any governing power, and attempts to destroy the man whom the people put forward to represent and maintain that sovereignty are even greater crimes than if it were the individual that was struck down instead of the attempt on the life of the government. Legislators, however, will not take one step in advance of undoubted public sentiment and it is to help promote public sentiment that the Tippecanoe club will speak after deliberation in no uncertain tones. I hope every member will be present."

### BICYCLIST NILSON DIES.

New York, Sept. 9.—John Nilson, the young bicyclist, of Chicago, who was injured in his race with Jimmy Michaels at Madison Square Garden last Wednesday night, died today at Bellevue hospital. Nilson's left leg was badly lacerated by one of the wheels of his motor tandem. The limb was amputated last Saturday to prevent the spread of blood poisoning, but he did not recover from the shock of the operation. Nilson was 21 years of age.

## ABOUT THE CITY HALL.

The waterworks trustees, the special committee on waterworks, the mayor and Engineer Hoit will meet this evening at the trustees' office for the ostensible purpose of making final arrangements for advertising for bids for additional water supply at station No. 1. Just what will come of the meeting can not be foretold, but Mayor Berghoff says he will also ask the officials to arrange for some farther test of the field at No 2 station. He favors an appropriation for the purpose of putting down at least two-ten inch wells on the west end grounds and seeing what can be done there. He is not inclined to discourage the belief that there is plenty of water at No. 1 station, but insists that nothing has yet been developed there to completely substantiate the assertion that there is plenty of water there. Neither does he insist that better results can be obtained at No. 2, but inasmuch as the latter field has so far given the best promise, he believes that further investigation should be made there. In speaking of the test of the centrifugal propeller pump which he saw at Indianapolis last week, he says that he firmly believes that if that pump were put down even 150 feet in any of the wells at No. 1 station it would exhaust the entire supply in five minutes and throw air. He says the pump is certainly a wonder.

The board of works is meeting in regular session this afternoon and among other business to be transacted will receive bids for the paving of Tabor street, from Calhoun street to Webster, an improvement which is to be completed yet this fall. Bids will also be received for laying a sidewalk on both sides of Walton avenue, from Maumee avenue to Washington street; sidewalk on the north side of Hugh street, from Ohio street to McCulloch street; sidewalk on the north side of Taylor street, from Nelson to Garden streets, and for grading the alley between Madison and Jefferson streets, from Barr to Lafayette streets.

William Schone has been granted a permit to build a house to cost $800, and Charles King to erect a house on Columbia avenue to cost $1,000.

The city council will meet tomorrow evening and among other important matters will be the consideration of the report of the finance committee recommending the appropriation of $2,000 to pay for the opening of Fourth street. The indications are that the appropriation will be made almost unanimously.

## BORNE DOWN BY HIS LOAD

### THOMAS GLYNN OVERESTIMATED HIS TONNAGE.

### Got Filled to the Gunwales and Went Down in Sight of Land—Other Police Matters.

Police court this morning was a continuous dream of joy to everyone but Thomas Glynn, who was sent over the pike for eleven days, owing to his lack of tensile strength and carrying capacity. Thomas loaded himself to the guards with bad booze yesterday and then broke in two in the middle. The police found the wreck and toted it to the station, where the unfortunate Thomas slept until this morning, when he faced the judge and got salivated eleven dollars worth. Josiah Barnet, a train climber, arrested Saturday afternoon, was let go and given an hour to leave town and William Langun, who was drunk, but succeeded in standing up under the load, promised never to tamper with the booze-can again and was also let go.

Peter Hunt, a colored gentleman, was out with a party of colored friends on Saturday night and they made a number of social calls, including more or less jag emporiums. When Peter invoiced himself he found that his cash drawer was just $12 short. He reported the matter to the police and says he is afraid one of his friends got away with the boodle. The officers heard the story, but Pete is still out the twelve.

A lady's skirt was found on the street and sent to the police station, where it can be had by the owner.

Officer Blum found a bicycle on the street last night and took it to the police station. The store room at headquarters looks something like a curiosity shop.

A woman whose name was not learned, fell off a Robison park car, near the Centlivre brewery, yesterday afternoon. She was momentarily stunned, but was not seriously hurt, and her fall was no fault of any of the company's employes.

A defective wire started a little blaze in Miner's hallway, corner of Main and Calhoun streets Saturday night. The blaze was extinguished without damage.

Herman Schuman, a farmer living out on the Lima road, reported to the police that last Saturday, while he was in the city, his hired man, William Hitchcock, eloped with his watch and a razor. William was a soldier in the Philippines and some months ago was discharged at police court on account of his soldier record.

Mrs. E. S. Baker reports the loss of a small band ring, the property of her little daughter.

# GERMANS HAVE A GREAT DAY

## ANNUAL OUTING IS HELD AT CENTLIVRE PARK.

### Fully 5,000 People Enjoyed the Addresses and the Athletic Contests Sunday.

German day at Centlivre park Sunday was very successful and was enjoyed by an audience that numbered fully 5,000 people, for in addition to the membership of the German societies in Fort Wayne were hundreds of visitors from out of the city.

Mayor Berghoff delivered the address of welcome and spoke of the value of such outings as a relaxation from the serious work of life. Hon. Rudolph Worch, of Jackson, Mich., delivered the main address of the day—a scholarly effort, that was heard with close attention and liberally applauded. During the afternoon and evening several of the singing societies gave concerts that added much to the enjoyment of the gathering, while the City band rendered an excellent program.

### LOCAL ATHLETES WIN.

Great interest centered about the athletic contests, and Fort Wayne people were successful in all the events. The results were:

The first event, putting the 16-pound shot, was won by Richard Lohse, with Christ Hahn second. The put was thirty feet three inches.

John Wagner took first prize in the pole vault, closely followed by Max Wehnert. The distance was eight feet four inches.

The running broad jump was won by Alfred Ludwig, with Max Wehnert second. The winner jumped seventeen feet six inches.

The 300-yard relay race was carried off by a team composed of Max Wehnert, John Wagner and Richard Loshe.

The one mile bicycle race was run in slow time with a good spurt at the stretch. Henry Wehr took first prize and Nelson Bucher came in second. The time was 2:52.

The 100-yard dash for boys under fourteen was won by Alfred Schwier, with Fred Weberruss second.

The 100-yard dash for boys between fourteen and eighteen was won by Carlos DeGrado, colored, with George Sosenheimer second.

The 100-yard dash for men over eighteen years of age, was taken by K. C. Evans, with David McNaught second. The time was 10 2-5 seconds.

The wheelbarrow race for fat men was won by Herman Hoppe, with John Koch second.

The egg race for girls under fourteen was won by Helena Wermuth, with Miss Janorschke second.

The sack race was won by Fred Ludwig, with Max Wehnert second.

The final event, the tug-of-war, was won by the Singers after a tough struggle with the Turners.

# THEY WON AT TOLEDO.

At Toledo Saturday the Fort Wayne traveling men defeated the Toledo drummers decisively in a game of base ball, the score being 14 to 6. Concerning the game, the Toledo Times says:

The pride of Toledo suffered humiliation in copious quantities yesterday, when the Toledo traveling men played their brethern a game of ball at Armory park. There was a goodly crowd out to see the game, and enthusiasm was not lacking, if things seemed to be a trifle one-sided in the way of playing ball. The Toledo team was simply beaten, and that in a most decisive manner that left no room for doubt. The Fort Wayners played much better ball.

The Fort Wayne men were arrayed in blue uniforms, and presented a neat and tidy appearance. It was a jolly crowd, and the visitors were royally treated by the Toledo contingent.

# PHILLEY'S MILK NOT IMPURE.

The statement made Friday in the city papers that Dairyman M. U. Philley was among the number accused of adulterating their milk was not true. In a long list of milk venders whose wares had been tested Mr. Philley's name appeared, but his milk was pronounced pure. In some manner his name got mixed with those who were found to be selling adulterated milk, and the honest gentleman has suffered an injustice in consequence. Dr. MacBeth, the city health commissioner, Sunday gave Philley a signed statement guaranteeing the purity of the product of his dairy, in order to set him right with his customers.

## NEWS OF THE DIAMOND

### STANDING OF THE CLUBS.

| | Won. | Lost. | Pct. |
|---|---|---|---|
| Dayton | 75 | 52 | .591 |
| Grand Rapids | 74 | 54 | .578 |
| Toledo | 69 | 56 | .552 |
| Fort Wayne | 71 | 58 | .550 |
| Wheeling | 68 | 61 | .527 |
| Matthews | 54 | 70 | .435 |
| Marion | 49 | 76 | .392 |
| Columbus | 47 | 80 | .370 |

There have been some fancy stunts done on the base ball field since The Sentinel last went to press, and some funny pranks have been played with the schedule of standings. The only club that has played consistent ball is Matthews, which has continued to lose, lose, lose every game it has played. If Armour and Strobel really have their money up as alleged, Armour must be given credit with having a heap of nerve, for rumor has it that he bet Charlie Strobel a thousand cold that he would win the pennant and it looks very much like it now. Walter Wilmot's Wandering Willies seemed to have a cinch on the bunting a week ago, and they kept going right along winning every game they played, just as regularly as Matthews lost, but things have changed, and even Columbus has given Walter's bunch the rough touch of a shut out and beat them two games at one sitting. Since Saturday Grand Rapids has dropped out of the leader's position, Toledo has passed Fort Wayne for third place, and Dayton has gone to first which it holds by a good strong lead of twelve points and only thirteen more games to play. Next week will see the close of the season, and while either of the four leading clubs has still a chance to secure the coveted streamer, it looks very much as though Dayton has the best of the running. Fort Wayne did not play yesterday, but will finish with Wheeling today with a double header, which will then leave the Fort Waynes with only nine more games to play, the same being some pretty tough ones. For tomorrow Fort Wayne is not scheduled, but jumps from Wheeling to Grand Rapids, and from there back to Dayton, and thence to Columbus, where the season will be closed a week from next Saturday. Last Saturday's game at Wheeling resulted in an easy victory for "Doggie's" men by a score of 16 to 6. Kenna and Mullin were opposing pitchers and Mullin had all the best of it. Fort Wayne made sixteen hits, of which Fuller got four and Nattress and McCann got three each. Following is the score by innings and the summary:

Innings— 1 2 3 4 5 6 7 8 9—
Fort Wayne 4 1 2 0 2 0 5 2 0—16
Wheeling.. 0 0 3 1 1 0 0 0 1— 6

Hits—Fort Wayne, 16; Wheeling, 11. Errors—Fort Wayne, 1; Wheeling, 6. Batteries—Mullin and Fuller; Kenna and Herbert.

Two-base hits—Kenna, Fox, Kane, F. Miller, Fuller. Three-base hits—Kane, Nattress. Stolen bases—Kane, Hart, Kenna, Babb, Bevans. First base on balls—Off Kenna, 5; off Mullin, 3. Struck out—By Kenna, 4; by Mullin, 7. Wild pitch—Kenna, 1. Double plays—Nattress to Thornton; Fuller to Nattress. Umpire—Mullane. Time—2:00. Attendance—500.

### OTHER SATURDAY GAMES.

Other games played by Western association clubs last Saturday resulted as follows:

Dayton, 17; Matthews, 2.
Columbus, 7; Grand Rapids, 3.
Toledo, 6; Marion, 4.

### YESTERDAY'S GAMES.

### NAPOLEON WON.

It was a pitcher's battle in the game between the Shamrocks and the Napoleon teams at Napoleon yesterday. Kissinger and Robbins, the two greatest independent pitchers in this section, were pitted against each other. Kissinger had the best of the support, the Shamrocks making four errors in the first three innings, after which they settled down and played lightning ball. Of the Shamrocks' three hits Tieman made two, both being for two sacks, and Quinn got the other one. The score:

| | R. | H. | E. |
|---|---|---|---|
| Shamrocks | 1 | 3 | 4 |
| Napoleon | 2 | 5 | 2 |

Batteries—Robbins and Tieman; Kissinger and "Kid" Clark.

### SHAMROCKS AT PIERCETON.

At Pierceton tomorrow morning the Shamrocks will play the rubber with the Kewannas and the winner of the game will play Bremen in the afternoon. The Shamrocks will leave at 7:30 tomorrow morning via the Pittsburg.

### BASE BALL NOTES.

Robbins pitched four games last week, winning three of them.

Yesterday at Kendallville the Library Hall team of this city was defeated by the Kendallvilles by a score of 6 to 2. McCoy and Murphy were in the points for Fort Wayne, but they could not hold the Noble county lads down sufficiently to win. Sensational plays were made by Stahl and Falvey of the Library Hall team.

# THE MARKETS.

Chicago, Sept. 9.—Steady cables and a fair outside demand caused wheat to open steady. Trade was light and mostly for May delivery. Sentiment among traders was somewhat bullish on encouraging news from Buffalo. Dec. opened unchanged to ¼@⅜c higher, at 70½ to 70¾@⅞c, advanced to 70⅞@71c and reacted to 70¾@⅞c. Receipts at Minneapolis and Duluth were reported as 1,244 cars, against 801 cars a year ago, while local receipts were 187 cars, ten of which were contract.

Dec. touched 71@71½ and closed ½c higher at 71c.

Firm cables and cooler weather imparted momentary strength to corn. Dec. opened ¼ to ⅜c higher, at 57½@⅝c, advanced to 58⅛c and then declined to 57¾@⅞c. Receipts were 390 cars with 20 cars of contract grade. Oats opened better with other grains. Dec. opened ⅛c higher at 35⅛c and advanced to 35¼@⅜c. Receipts were 214 cars.

Local liquidations caused a reaction, but the close was ⅜c higher, at 57⅞c.

Provisions opened higher all around. Light offerings were mainly responsible. January pork opened 10c higher at $15.77½, lard was 5c higher at $9.20, with ribs 5c higher at $8.12½.

### THE CLOSE.

Prices at the close were as follows:
Wheat—Sept., 68¾c; Oct., 69⅝c. Dec., 71c; May, 74½@⅝c.
Corn—Sept., 55⅝c; Oct., 56⅜c; Dec., 57⅞c; May, 59½@⅝c.
Oats—Sept., 33⅜c; Oct., 34; Dec., 25@35⅛c.

Eggs—Steady, 14½@15c.

### THE DAY ON WALL STREET.

New York, Sept. 9.—Prices of Americans in London this morning showed sharp rebounds from Saturday's New York closing, reaching from 2 to 3 points in Atchison, Southern Pacific, St. Paul and United States steel pfrd. This helped the effect of the more hopeful news from Buffalo in quieting the nervousness which was rampant in financial circles on Saturday. The result was buoyancy in the local market. The average gains in prominent stocks dealt in, ran from 1 to 2 points. Amalgamated copper rose 3, Consolidated Gas 3¼ and Missouri Pacific, Atchison and Southern Pacific from 2 to 3 points. St. Louis and San Francisco 2 and pfrd. jumped 3½. The market became very animated, although the individual blocks dealt in were not large, except in a few stocks, the effect of realizing sales became manifest immediately and there were quick recessions, ranging to 2½ in Amalgamated Copper.

The bear operators assisted the realizing movement by offering stocks freely, and the active stocks declined about a point below the opening. Missouri Pacific lost 2¼, St. Louis and San Francisco, 2nd pfrd., 2¾, St. Louis Southwestern pfrd. 2½ and Consolidated Gas 2¾. When it became evident that stocks were being less generally offered as prices declined, the traders took hold of various leaders and bid them up strongly, causing a general improvement before 11 o'clock. There was some indication of investment buying and shorts covered quite freely. Lackawanna rose 4½ on one transaction. American linseed pfrd. fell 1 and 2 points between the transactions and lost 8 points in all.

Prices worked upward, with some hesitation, to the best in some cases, notably for St. Paul, Atchison, Union Pacific, Brooklyn Transit and the Eries. Many of the usually neglected stocks made material progress upwards, including St. Louis and San Francisco, New York, Chicago and St. Louis 2nd pfrd., Wheeling and Lake Erie 1st pfrd., General Electrical and North American, which were 3 to 5 higher. The maintenance of the money rate at 6 per cent. helped the market.

The market continued to harden and the number of stocks showing advances of 2 points over Saturday was considerably increased. There were recessions again, but the tone was quiet and free from the nervousness or feverishness. Pullman rose seven.

Bonds were strong.

Prices continued to advance, St. Paul leading the rise and its gain of 4½ imparted confidence to sentiment. The best prices of the day prevailed and some of the favorite stocks ruled 6 points above last week's close, notably Atchison, Southern Pacific, Sugar and Brooklyn Transit. Profit taking later brought the market into slight decline and speculation became dull.

The collapse of the money rate caused a rush to cover amongst the bears and listed prices bouyantly. St. Paul led with an extreme advance of 7½. Baltimore and Ohio rose 4 and others from 3 to 4, among the linseed and the preferred 12. Profit taking caused a reaction of 1⅜ in St. Paul and fractions elsewhere. The closing was active and strong at about the top.

### NEW YORK MARKETS.

New York, Sept. 9.—Flour—Receipts, 39,000 bbls; sales, 4,700 pkgs. State and western showed more steadiness, but was quiet.

Wheat—Receipts, 197,800 bushels; sales, 970,000 bushels. Eased off from foreign selling at first, but promptly recovered on cables, a large decrease on passage and firm outside markets. Sept., 74¾@⅞c; Oct., 74⅛c; Dec. 76⅝@¾c; May, 79⅛@½c.

Rye—Quiet; state 55@56 c. i. f.; New York, car lots; No. 2 western, 60½ f. o. b., afloat.

Corn—Receipts, 33,700 bushels; sales 110,000 bushels. Active and firmer on cold weather and higher temperatures. Sept., 61¾@⅞c; Dec., 61⅞@62⅜c; May, 63⅝@½c.

Oats—Receipts, 198,100 bushels. Quiet, but firm with corn. Track, white, 38½@47c.

Beef—Quiet.

Pork—Firm.

Lard—Strong; prime western steam, $9.75.

Butter—Receipts, 6,706 pkgs., firm; state dairy, 14@18½c; creamery, 15½@20½c; June packed, factory, 14@15½c.

Cheese—Receipts, 5,581 pkgs; steady; fancy, large colored, 9c, fancy, large white, 9c; fancy, small colored, 9½c; fancy, small white, 9½c.

Eggs—Receipts, 8,377 pkgs; firm; state and Pennsylvania, 18@20c; western, candled, 17@18c; western, uncandled, 14@17c.

Sugar—Raw, steady; fair refining, 3 5-16c; centrifugal, 96 test, 3⅝c, molasses sugar, 3 1-16c; refined, steady; crushed, $5.75; powdered, $5.35; granulated, $5.25.

Coffee—Dull; No. 7 Rio, 5 9-16c.

**Scrofula**

**THE OFFSPRING OF HEREDITARY BLOOD TAINT.**

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

**SSS** makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

# SOME SURPRISES

## THREE WELL KNOWN MEN RESIGN POSITIONS.

## THE EEL RIVER IN NEW HANDS

## THE PENNSYLVANIA COMPANY TAKES PROPERTY.

## SUNDAY TRAVEL VERY HEAVY

## NICKEL PLATE PARTICULARLY WELL PATRONIZED.

Excepting the shooting of President McKinley, the most interesting matter for conversation in shop and railway circles this morning was the resignations of three men, which came as a surprise to their friends.

Lewis E. Fryer, for nine or ten years foreman of one of the departments at the Fort Wayne Electric works, handed in his resignation Saturday evening without stating reasons. It is understood that he has another position in view, but he does not make known what it is.

J. A. House, for sixteen or eighteen years employed as a trainman on the Nickel Plate and much of that time as a conductor, handed in his resignation also Saturday evening. He does not make known his intentions as to future employment, but it is believed he intends to quit railroading.

Frank Frara, a machinist employed at the Wabash shops, served notice of his intention of resigning this morning. He resides upon a piece of land on Brooklyn avenue, along the line of the Fort Wayne and Southwestern electric road, where his sons have been engaged in raising garden truck. They will resume their school studies and it is to take charge of the garden work that Mr. Frara quits the shop. With the exception of about a year, when he was employed in the shops of the Indiana Road Machinery company's factory, Mr. Frara was employed in the Wabash shops a quarter of a century. He is a good fellow and his presence there will be missed by foremen and employes generally.

### NOW A PENNSYLVANIA LINE.

The future of the Eel River railroad, which has been a subject of litigation ever since it was constructed and which was recently wrested from the Wabash, was settled Saturday when the Logansport and Toledo Railway company was organized and articles of incorporation filed with the secretary of state. The directors of the new company are all Pennsylvania railroad men and, of course, the owner of the Eel River road is now the Pennsylvania company. It will be used as a connecting link between the Vandalia and Panhandle with the Grand Rapids and Indiana road, making a short route from Louisville and other cities in that part of the country to the resorts and lumber regions of the north. It is claimed that the company also intends to build from Butler, the terminus ofthe Eel River, to Toledo. The Eel River road is ninety-three miles long and through its lease the Wabash was compelled to pay annually to the stockholders $90,000. When the New Haven-Butler line is completed the Wabash will have no use for the Eel River road and the stockholders of the former company are no doubt glad to get rid of it. The New Haven-Butler road will be ready for operation by the middle of November, when the Eel River will be turned over to the new company.

### THE EXCURSION BUSINESS.

Other Fort Wayne lines were "not in it" with the Nickel Plate in the excursion business of the past two or three days. Besides receiving the bulk of the Grand Army travel, that road brought in the largest excursion of the month, and possibly of the season, yesterday. That party came from Hibbard and towns in that vicinity and it numbered 702 persons. Most of this crowd was composed of Germans, who came to attend the German day exercises at Centlivre park, and they were as jolly and good natured a lot as ever came here upon a similar mission. The Lake Erie and Western came next in the number of excursionists brought into the city yesterday. That road brought in 400, about 300 being Germans, who went directly to the park. The Lake Erie also had an excursion to Indianapolis yesterday, which in a numerical and social sense was a decided success. One hundred and thirty-nine tickets were sold here and the train picked up 350 more passengers along the line, going into Indianapolis with nearly 500 people. The Wabash led in the number of people carried out of the city, excepting those who went to the encampment. That company sold 166 tickets to Lafayette, 71 to Logansport, 139 to Toledo, 70 to Detroit and five to Put-in-Bay, a total of 451. Next Sunday the Wabash expects the largest Detroit excursion of the season, and one of the most pleasant, too. On that occasion the famous and magnificent excursion steamer, "Tashmoo," will carry the excursionists from Toledo to Detroit. Rome City continues to be quite an attraction to Fort Wayne people, notwithstanding the fact that the meetings there are over for the season. Yesterday there were 340 tickets sold for that point. The Grand Army movement over the Nickel Plate, as predicted by The Sentinel, is simply immense. Yesterday there were two sections of trains No. 2, 4 and 6, and in addition there was a special train turned in from the Cincinnati, Hamilton and Dayton, making five special in all. This afternoon there were two sections of train No. 2 and there will be two sections of No. 4, and possibly four sections of No. 6. There was also another special train from the Cincinnati, Hamilton and Dayton, and some extra cars from the Grand Rapids and Indiana. In addition to all this travel the company also sent out a special train bearing Sion S. Bass and Anthony Wayne posts, of this city, mention of which is made elsewhere in today's Sentinel. The Wabash had two trains loaded with encampment excursionists last night also. They were turned over to the Lake Shore at Toledo. In addition to the Lawton post, of this city, the Pennsylvania train No. 36 carried the posts from Van Wert and Forest to Crestline, furnishing extra cars for each post. A number of Grand Army people were also taken on at the other Ohio towns en route to Crestline. At the latter place the excursionists were turned over to the Big Four road.

### GRASS FIRES MAKE TROUBLE.

The Pennsylvania is experiencing considerable trouble with grass fires at present. Previous to the recent rains fires raged extensively, but the rains extinguished the flames and no further fires were expected this year, but they have broken out again. The worst trouble is in the vicinity of Columbia City. In the work of extinguishing the flames the section men are aided by the work train engine and crew. Several engine tanks are filled with water and rushed to the scene and in this way the fires are speedily extinguished.

### STRUCK BY A TRAIN.

A man named Joseph Kochenderfer, bleeding and unconscious, was found lying along the Pittsburg tracks at the river bridge near Bucyrus yesterday morning. He had several scalp wounds and was bruised about the body badly. He was unable to tell how he received his injuries, but it is supposed he was walking on the tracks and was struck by a train.

### MR. M'KEE NEARLY WELL.

It will be welcome news to the many friends of G. S. McKee, master mechanic of the Wabash, to learn that he has so far recovered from the surgical operation that he will leave the hospital for his home tomorrow. He will, it is hoped, soon be able to look after railway affairs.

### NEW DEPOT FOR BLUFFTON.

The citizens of Bluffton have finally interested the Lake Erie and Western company in their behalf to the extent of a promise of a new depot and freight house at that point next year. The freight house will be erected on the vacant ground south of the present passenger station and the passenger station will be erected on the site of the old one, but will extend out to Washington street. The old depot was erected in 1870 and has never received a particle of attention from the carpenters since, though the painters gave it one or two coats of paint in the thirty-one years of its existence. Outside of Fort Wayne, Bluffton is the best point, in a business way, on the road.

### AIR-BRAKE CAR LEAVES.

Capt. H. M. Deihl and his air-brake car left upon an educational tour this morning which may be extended to the holidays. The first stop will be in Chicago, where the Chicago terminal employes will receive instructions. The next stopping place has not been announced. During his stay on the Chicago terminal Captain Deihl will come home every Saturday night.

### ELECTRIC FIELD DAY.

The annual outing and athletic tournament of the Fort Wayne Electric Relief Union, which occurred Saturday afternoon at Robison park, was the brilliant success that its promotors hoped it would be. The weather was fine and the grounds were in excellent condition for all exercises except the bicycle races, and they were not so bad even for that purpose. The attendance was good, but not so large as it would have been were it not for the excitement over the shooting of the president and the consequent reluctance on the part of many to leave the city and be deprived of opportunity to hear the latest news from Buffalo. The spectators to the various events were about equally divided as to sex, showing that the ladies take as much interest in athletic events as do the men. The result of the contests was as follows:

100 yards dash for boys under 15—Behrer, first; Siebold, second; Lahmeyer, third. Time, 12 seconds.

Three-legged-race — Wehnert and Eldred, first; Bucher and Logeman, second. Time, 14 seconds.

Three-mile handicap bicycle race—Risthmiller, first; Bucher, second; Lahmeyer, third. Time, 10:25.

Sack race, 50 yards—Wehnert, first; Hayes, second; Harper, third. Time, 11½ seconds.

Potato race—Wehnert, first; Bauer, second. Time, 49 seconds.

One-third mile running race—Hayes, first; Doell, second.

One-mile bicycle race—Steele, first; Bucher, second; Reithmiller, third. Time, 3:19.

100 yards dash—J. Eldred, first; J. Hayes, second; Bauer, third. Time, 10 1-5 seconds.

Two-mile handicap bicycle race—Bucher, first; Reithmiller, second; Lahmeyer, third. Time 6:10½.

Fifty yard tandem race—Harper and Borchet, first; Bauer and Bauer, second. Time 8 1-5 seconds.

Girls' egg race—Mamie Steup, first, Irma Brannan, second.

Running broad jump—Eldred, first, 19 feet 8 inches; Wehnert, second, 16 feet 9½ inches.

Rifle shoot—Harry Donavan, first; Tom Dascomb, second.

### INDUSTRIAL NOTES.

C. Woebbeking, of the electric works, is sick and off duty.

Machinist Barney Webber, of the Pittsburg, is at work again, after a few days' illness.

Mr. and Mrs. William Hulse are at Buffalo for a week's stay. He is a Pittsburg machinist.

Charles A. Hartman, clerk at the Wabash offices, was in Chicago yesterday, visiting friends.

Brakeman Goslee, who was hurt on the Nickel Plate two weeks ago, reported for duty yesterday.

Louis Stetter, L. C. Brudi, A. Burchard and F. Scheiferstein, Pittsburg shopmen, are sick and off duty.

Fred Wellman, of the electric works, who has been off duty for some time, reported this morning.

William Geiger has returned from a trip out in the interest of the lumber department of the Pennsylvania.

Nickel Plate Conductor J. M. Wells was taken sick Saturday and is unable to take his place in the service.

Earl Repine, switchman in the Pittsburg yards, is suffering with a lame foot, which will keep him from work for a few days.

The Erie company has reduced its expenses $700,000 per annum by "lopping off" some of the official heads. The road was top-heavy.

Donald McDonald resumed his duties in the Pittsburg machine shop this morning. He had been attending the Pan-American exposition.

Frank Granger, Pittsburg conductor, has returned from Cleveland and other northern Ohio cities, where he spent a two weeks' leave of absence.

Assistant Foreman F. J. Burns, of the Pittsburg roundhouse, who had been absent for the purpose of entertaining some visitors, resumed work this morning.

Martin Kramer, foreman of the shipping department at the Pittsburg shops, who was injured last week, is recovering and this morning reported for duty.

General Superintendent Ward, of the Great Northern railway, passed through the city, over the Pittsburg, at 10:10 o'clock this morning, riding his special car.

Mr. and Mrs. George Breese are visiting Cleveland. They will attend the Pan-American exposition before returning home. Mr. Breese is a machinist at the Bass works.

The malady with which Ed Challenger, of Shop Clerk Hobrock's office, has been suffering has developed into a severe attack of quinsy and the patient is quite sick.

Compressed air connection is being made with the new transfer table at the Wabash shops and after today hand power will be a thing of the past so far as that table is concerned.

Jacob and John J. Backes, boilermakers, resumed their duties in the Pittsburg shops this morning. The former had been sick and the latter was injured in a bicycle accident a week ago.

A train of five Pullman cars and a private car was hauled on Wednesday from Marion to Huntington, on the Erie Railway, 127 miles, in 118 minutes, breaking all records on the western division of the Erie.

Pittsburg engineers J. E. Long and B. F. Campbell are sick and Engineers Theodore Titus, George Huber, P. McGuire and W. H. Winger are off duty by permission. The latter has gone to Cleveland.

William Jordan, of the east yards, and Miss Celia Gunkle, of Swinney avenue, will be married October 9. At least this is the information that is given The Sentinel by an intimate friend of the couple. The coming wedding is causing some comment among the friends of Mr. Jordan and Miss Gunkle, who are very popular young people.

E. F. Frarrer, clerk in Supt. C. E. McKim's office in Pittsburg, and A. C. Robertson, telegraph operator in the Pennsylvania offices in Pittsburg, were guests of Operator George I. Worth over Sunday.

Patrick Scully, who had a lame foot two or three weeks, resumed his duties in the car machine shop of the Pittsburg this morning, and C. H. Grim, who was sick a few days, reported for work in the lumber yards.

Foreman T. J. Rodabaugh, of the paint department of the Pittsburg shops, has gone to Buffalo to attend the annual convention of the Master Car Builders and Locomotive Painters association, which will be held there this week.

Blacksmith George Killen resumed his place at the forge in the Pittsburg shops this morning after a sojourn of a week or ten days at one of the lakes near Pierceton, Ind. Mrs. Killen and her sister accompanied Mr. Killen on the trip.

Next Wednesday Mr. and Mrs. E. B. Babcock and children will leave for Sacramento, Cal., which city will be their home in the future. Mr. Babcock resigned the position of chief car inspector of the Findlay, Fort Wayne and Western a week ago.

Mr. and Mrs. James Griffith have returned from the east and the Pan-American exposition, where they spent over a week. Mr. Griffith, who is a Nickel Plate engineer, resumed his duties on the road yesterday.

The Empire Express on the New York Central road is hauled by an Atlantic type engine, similar to the new ones about to be placed in service on the Wabash road. This enables the company to add another car to the train without reducing the speed in the least.

The Pittsburg blacksmith shop, which was slightly crippled a few days by a number of men being on the sick list, is in better shape today, several of the sick ones having recovered and reported for work. Among them are Fred Glussenkamp, F. X. Miller, M. R. Hardendorf, Martin Crawford and R. W. Shaw.

Capt. H. Stoll, of the Pennsylvania police, this morning received photographs of the four negroes arrested and sent to the penitentiary at Logansport last week. Their arrest and conviction was caused by Capt. W. M. Somers, formerly of this city, and the expeditious manner in which it was accomplished reflects credit upon that official.

Brakeman A. A. Sanders, of the Nickel Plate, sustained a slight fracture of one of the bones of his right leg in a most peculiar manner Saturday. While in the act of climbing a car ladder, his foot slipped and the leg struck a projecting bolt. Mr. Sanders continued his run, but is likely to be off some days with the accident.

In direct taxes the railroads of New York paid last year $4,500,000, those of Illinois $4,100,000, those of Pennsylvania $3,700,000, and the other large states the following sums: Massachusetts, $2,900,000; Ohio, $2,650,000; Indiana, $2,500,000; Kansas, $2,200,000; New Jersey, toward the state expenses, $1,580,000; Wisconsin, $1,500,000; Iowa, $1,400,000; California, $1,300,000 and Texas an even $1,000,000.

Yard Foreman John Repine, of the Pittsburg, and his wife entertained the members of their family and a number of visitors from other cities at dinner yesterday. It was sort of a reunion of the family and of old acquaintances. Among the guests from abroad were Mrs. Ruth Fink and two daughters, of Texas; Mrs. Adelia Ross and Mr. and Mrs. Homer Dowe, of Muncie; Mr. and Mrs. Dal Green, of Galion, Ohio, and Mr. Dickey, of Hartford City, Ind.

Capt. J. C. Kensill, the retired boilermaker of the Pittsburg shops, is unable to attend the Grand Army encampment this week on account of the condition of his eyes. This is a severe disappointment to the captain, who takes a great interest in Grand Army affairs and has always attended the encampments and reunions. He has been at the depots much of the time during the past two or three days, greeting his old comrades as they appear there to take the trains for Cleveland.

The National Association of Railway Postal Clerks and the United States Railway Mail Service Mutual Benefit association will hold their annual convention Sept. 17 in Milwaukee. This is the first time in the history of the two organizations that their conventions have been held at the same time and place. The organizations come under the immediate supervision of the chief transportation officer, who is Second Assistant Postmaster General W. S. Shallenberger. There are on the executive staff eleven division superintendents, thirty assistant superintendents, 130 chief clerks and 9,000 railway postal clerks.

The annual automobile race called the "Course du Catalogue," which was run this year between Melun, Nangis and Valence, was curious in the fact that, instead of the vehicles being classed according to weight and capacity, they were classed according to catalogue price.

# OFF TO CLEVELAND

### FORT WAYNE VETERANS DEPART FOR ENCAMPMENT.

### MANY BOYS IN BLUE IN LINE

### ALL G. A. R. POSTS WERE WELL REPRESENTED.

### OLDEST VETERAN WAS HERE

### JOHN H. REED, 102 YEARS OLD, WITH THE PARTY.

Fort Wayne veterans in goodly number fell into line behind stirring music this morning and turned their faces toward Cleveland, where the annual encampment of the Grand Army of the Republic is to be held during the present week. Nearly two hundred of the Fort Wayne boys in blue will join old comrades in the Ohio city this week and for a time live again in memory the stirring days of the rebellion.

Sion S. Bass post and Anthony Wayne post occupied a special train which left over the Nickel Plate at 10:30, and their march to the depot was headed by the band from the state school. Attached to the train was a special car bearing the John Porter post, of Geneva, which came in over the Grand Rapids and Indiana road at 9 o'clock. The Wabash veterans who were to have accompanied the party were delayed and will leave the city this afternoon. A total of 220 tickets were sold for the train.

General Lawton post No. 590 occupied a special car attached to Pennsylvania train No. 35 and there were forty-nine members of the post in the party. Accompanying the Fort Wayne veterans, both on the Nickel Plate and the Pennsylvania, were a large number of old soldiers from the surrounding towns.

THE OLDEST SURVIVOR.

For a few hours this morning Fort Wayne had the distinguished honor of entertaining the oldest survivor of the civil war, and he was about as hearty and hale-looking a man as there was in the party and did not look within twenty-five years of the age which he truthfully claims to have attained. The old gentleman is John H. Reed, of Adams county, and he was 102 years old last February. His 100th birthday anniversary, celebrated over two years ago, was a notable event and was widely exploited in the newspapers at the time.

Mr. Reed lives with his third wife and several of his children on a farm about five miles from Decatur, and he frequently walks to Decatur for his mail when the farm horses are busy. He was a member of the 124th Ohio infantry, having enlisted near Cleveland, and he passed through the war with the Fourth army corps and was in all the principal battles in which that corps participated, including Shiloh and Missionary Ridge. He was with Sherman and speaks familiarly of "Old Joe Hooker."

Shortly after the war he moved to Adams county and has lived on the farm which he now occupies for over thirty years. He wears no glasses ordinarily, but admits that his eyesight is beginning to fail him some. He says he has chewed, smoked and drunk liquor ever snce he was a boy and doesn't see that it has hurt him much. While standing at the depot a martial band struck up a lively air, to which Mr. Reed kept time in a very neat old-fashioned dancing step and did not seem to be fatigued by the exertion.

"Wouldn't want to be young again," said the old gentleman, "fer when a man's young he's got too much to go through afore he gits old enough to die. No, I wuzn't in the Mexican war; I wuz layin' brick them days in New Orleans an' gittin' ten dollars a day, which wuz a darn sight better than goin' down there to be shot at by Greasers."

"Suppose your wife has long since passed away?" suggested The Sentinel.

"Some of 'em has; some of 'em has," said the old gentleman. "But my third one is still livin' down on the farm and she's a mighty good woman."

Speaking of his trip to Cleveland he said: "I expect there's mighty few of 'em as kin say that they went to Cleveland the first time over seventy-five years ago, but I did, an' I was a right smart chunk of a man then, too. Cleveland didn't amount to much, though, in them days, an' I guess I won't reckollict many of the stores any more." And the old fellow laughed heartily at his little joke.

Mr. Reed was born in Vermont, his father being a "regular Yank," while his mother was a French Canadian. He has a son nearly seventy-five years of age and an older child died many years ago.

The Sentinel wished him good luck and a safe journey, and as he shook hands in good-bye the veteran said: "O, I'll git along all right. As long as a feller kin git plenty of terbacky and a snifter of good likker occasionally there ain't no use of feelin' old."

# GRAVE TROUBLE SEEMS EMINENT

(Continued From First Page.)

and while they were orderly, they refused to obey the orders of the fifty deputy sheriffs on guard.

Fewer workmen reported from McKeesport than last week, though more men came by boat from Duquesne.

As the morning advanced the excitement in McKeesport increased and by noon the streets were crowded. A large crowd assembled around the railroad station and watched all trains for imported men. Strikers in skiffs also patrolled the river. Excitement has not been so tense since the strike began and the possibility of trouble seems to be great.

SIGNS OF PEACE.

Pittsburg, Sept. 9.—The air of mystery surrounding the Amalgamated headquarters during last week's conference of the general executive board still pervaded the rooms today. The members of the board were again on hand early, but all efforts to secure information as to the subjects under discussion, or to get an expression from any of them, were futile. President Shaffer had "nothing to say" to all interrogatories.

The continued session of the Amalgamated executive board is regarded as a hopeful sign. It is now felt that the strikers will accept any honorable terms made by the steel people, and a visit of the Amalgamated officials to New York at any time to deal directly with President Schwab is not improbable.

The situation at McKeesport is looked upon with apprehension, and an outbreak is feared at any moment. Locally there is no change. All the mills started by the combine are running. The strikers are not interfering with the workmen and everything is quiet.

The crucial test in the strike will soon come, when the steel company starts in earnest to open its closed mills. This, it is said, will be done in a few days, and the combine officials claim that when the strikers realize how many of the old men are at work they will tumble over one another to get back to their old places.

A FEW RETURN AT BAY VIEW.

Milwaukee, Wis., Sept. 9.—Thirty-five Amalgamated association men returned to work at the plant of the Illinois steel mills in Bay View today. Others are expected by the officials of the steel company to return in a few days. It is said two of the company's mills, the twelve inch and rail mill, were started this morning. There was no trouble whatever. Many of the radicals and those who attended and spoke at a meeting yesterday were posted as pickets today and took the names of all those who went to work. The mechanical department is said to be working with almost a full force. J. D. Hickey and J. F. Cooper, the two men who went to Pittsburg ten days ago to interview President Shaffer, are among those who returned to work.

ISSUED "WEEKLY" EXTRA.

The Sentinel today issued an extra edition of the Weekly Sentinel for the benefit of people residing in the country who have no opportunity to see daily newspapers or access to news of the assault made on the life of President McKinley. Filled to the brim with all the news of the tragic event up to the hour of going to press, the Weekly extra went into the country today carrying for the first time details of the sad affair to thousands.

Uneasy Rests the Head....

Under a leaky roof, mayhap experience has taught you that. Then why not have the roof repaired? Rust is to iron like contagious disease to humanity. The longer it is left unattended the faster it spreads and the harder it is to stop. We have the material to stop it. We buy carefully; we are good judges of metal, we know whether the mechanical work on the tin or iron has been well done, and, most of all, we have the courage to refuse to buy an inferior article, even though we could make more money in selling it. The workmanship we furnish now, we guarantee to be of the highest standard. In the way of repair work our tinners can do pretty nearly every thing. ## Physicians Give Renewed Hope That He Will Recover---Condition Today Promising.

MILBURN HOUSE, BUFFALO, N. Y., SEPT. 9.—6 A. M.—THE PRESIDENT PASSED A SOMEWHAT RESTLESS NIGHT, SLEEPLING FAIRLY WELL. GENERAL CONDITION UNCHANGED. PULSE, 120; TEMPERATURE, 101; RESPIRATION, 26.

P. M. RIXEY,
M. D. MANN.
GEORGE B. CORTELYOU,
Secretary to the President.

MILBURN HOUSE, BUFFALO, N. Y., SEPT. 9.—THE FOLLOWING BULLETIN WAS ISSUED BY THE PHYSISIANS AT 9:20 A. M.:

THE PRESIDENT'S CONDITION IS BECOMING MORE AND MORE SATISFACTORY.

UNTOWARD INCIDENTS ARE LESS LIKELY TO OCCUR. PULSE, 122; TEMPERATURE, 100.8; RESPIRATION, 28.

P. M. RIXEY,
M. D. MANN,
ROSSWELL PARK,
HERMAN MYNTER,
EUGENE WASDIN,
CHARLES M'BURNEY.
GEO. B. CORTELYOU,
Secretary to the President.

THE AFTERNOON CONFERENCE OF PHYSICIANS WAS FINISHED AT 3:45 AND THE TWO FIRST PHYSICIANS TO LEAVE, DRS. MYNTER AND WASDIN, WITH SMILING FACES, DECLARED: "NOTHING NEW, GENTLEMEN. THE EXAMINATION WAS PERFECTLY SATISFACTORY AND THE PATIENT IS IMPROVING."

THREE MEMBERS OF THE CABINET, GAGE, HITCHCOCK AND WILSON, ARRIVED WHILE THE DOCTORS WERE IN CONSULTATION. THEY GAVE RISE TO A REPORT THAT THE CABINET OFFICIALS WOULD CONSULT WITH THE DOCTORS AS TO A CONTEMPLATED OPERATION, BUT SECRETARY GAGE PROMPTLY SILENCED SUCH REPORTS. HE SAID TO THE ASSOCIATED PRESS THAT EVERYTHING WAS HIGHLY ENCOURAGING AND HE AND ATTORNEY GENERAL KNOX WOULD LEAVE THIS EVENING FOR WASHINGTON.

MILBURN HOUSE, BUFFALO, N. Y., SEPT. 9.—3::25 P. M.—MRS. M'KINLEY RETURNED AT THIS HOUR FROM A DRIVE OF THIRTY MINUTES. SENATOR HANNA ARRIVED AT THE HOUSE AT THE SAME TIME.

Milburn House, Buffalo, N. Y., Sept. 9.—President McKinley's condition this morning is so satisfactory that it has dispelled the last shade of doubt and apprehension and has led those nearest him to make the most confident predictions of his recovery. The official bulletins from the physicians as well as the authoritative statements of those in most intimate relations with the presidential household give certainty to the feeling that the worst phases of the crisis are about over.

The tone of the 6 a. m. bulletin in reference to the president's somewhat restless night gave temporary apprehension, but this was speedily dispelled by the results of the consultation held by the doctors from 8 to 9 o'clock and officially announced at the latter hour. This disclosed a marked improvement in the pulse and temperature. Aside from these pathological features the doctors gave the cheering information free from all technicalities of science that the president's condition was becoming more and more satisfactory and untoward complications were becoming less likely. Besides their officially signed utterances the doctors gave individual expressions, referring with bouyant and confident tone, They made known, too, that the president's mind was clear, his mental faculties as vigorous as ever and that he retains his cheerful, happy disposition. He was even said to be ready to talk with the doctors, but they restrained him to a considerable extent. These positive assurances gave to the members of the cabinet and to the relatives and nearest friends of the president a feeling of confidence little short of absolute certainty that the president was now well on the way to recovery. Without exception those who came from the Milburn house expressed the same view. Among those who called to receive the good news and then to repeat it to the many anxious watchers were Attorney General Knox, Secretary Wilson, Postmaster General Charles Emery Smith, Senator Hanna, Abner McKinley, Myron T. Herrick, Senator Fairbanks, Comptroller Dawes and many others holding the closest relations with the president.

### DOCTOR'S ARRIVE.

Shortly after 8 o'clock the doctors who had not taken part in the all-night vigil began to arrive. Dr. Wasdin, the marine hospital specialist, was the first to reach the house and joined Dr. Rixey, who had remained at the president's bedside continuously practically throughout the night. Dr. Parke arrived at 8:15 and it was apparent that the morning consultation of all the physicians soon would be held. At this time all was quiet about the Milburn household except for the coming of the doctors. Secretary Cortelyou. who had been on duty on and off all the night, was catching a little needed rest in an upper chamber, and the regular force of house attendants had not yet come on duty.

### WEATHER FAVORABLE.

Aside from the pathological conditions of the case, circumstances today were peculiarly favorable for the patient. It was an ideal September day, with bracing air, moderate temperature and a light breeze blowing over the entrance to the Milburn house. The sun shone brightly most of the time, with now and then the shadows of light, fleecy clouds. The physicians were quick to note these external conditions, for they contributed greatly to the comfort of the patient and gave assurances against the depression of extreme heat or inclement weather.

The morning consultation of the physicians brought out that the condition of the president was entirely satisfactory and as they came from the house they expressed renewed confidence in his recovery.

It was stated that the official bulletin which was being prepared would show a gratifying condition.

The doctors began assembling about 8 o'clock and it was 9:15 before any of them came away from the Milburn house.

### AN ANXIOUS WAIT.

Pending their conferences there was an anxious wait. Several visitors arrived, including ex-Postmaster Bissell and Charles P. Sanger. Mr. Bissell was one of the first to emerge from the house after the doctors had completed their consultation, and in a brief, general way, he summarized the situation by saying that the conditions were favorable, although he had no details. A few moments later Dr. Roswell Park and Secretary Wilson came out together. Dr. Park answered the many inquiries with a cheerful and very positive assurance of confidence.

"The situation is entirely satisfactory," said he. "and there are no symptoms to cause alarm."

He was asked if the earlier bulletin referring to the president's "somewhat restless night," warranted any apprehension.

### RESTLESSNESS NATURAL.

"Not in the least," he replied. "It is entirely natural that a patient in

# LOOTERS AT FOO CHOW SLAUGHTERED

Vancouver, B. C., Sept. 9.—The steamer Tartar, of the Canadian fleet, has arrived from the Orient with the news of the burning of the business portion of the city of Foo Chow, China, on August 20. Over one million dollars damage was done and many people are said to have been killed in fighting over the loot.

The great fire in Foo Chow occurred on August 20 and was caused by the over-turning of a lamp in a native undertaking establishment. Hundreds of acres of business houses were destroyed and many people perished in the fire, which burned the greater part of two days.

European proprietors of business houses and large Chinese merchants are the heaviest sufferers. During the progress of the fire and immediately after it, the cooley native population commenced looting the half-burned buildings. The Chinese police, under their European officers, were unable to prevent the looting, except in a small degree and before the second evening had passd large numbers of regular soldiers were called out. At that time many people had been killed in fights and there were dead bodies in every street. Five men were killed by the falling of a three story building. The carnage on the streets was awful. The soldiers, mounted, dashed up the main thoroughfares stabbing to death or trampling under horses feet the robbers, who were carrying away goods in every direction. Even though knocked down, the natives, who were running away with stolen goods, held on to their bundles. The horsemen thrust them through the legs and arms with swords to make them drop these, and even then some of the coolies clung with such desperation that they were put to death where they had been knocked over.

Many of the injured were taken in ambulances and were being treated in the hospitals when the Tartar sailed from China.

# FORT WAYNE-TOLEDO LINE SURE

## Everett-Moore Syndicate is Behind It as Part of a Big System in Indiana---May Use Tracks of the Southwestern.

The gigantic Everett-Moore electric railroad syndicate, with a capital stock of $150,000,000, has turned its attention to Indiana territory and within a very short time will have a road running into Fort Wayne from Toledo. More than that, it now has under construction a line from Indianapolis to Peru and is planning the construction of several other roads in this state. The information comes from a reliable source.

The Toledo-Fort Wayne project has been decided upon for some time and readers of The Sentinel will remember that it was announced that work was begun on a road between Toledo and Defiance early in the summer. This is part of the Everett-Moore extensions, but the plan is much larger. As soon as the road shall have been completed between the Ohio towns work will be begun on its extension to Fort Wayne. Here a traffic agreement will be entered into with the Fort Wayne and Southwestern traction company for the use of its tracks to Peru.

At the present time the Everett-Moore crowd is having constructed a line from Indianapolis to Peru. Townsend, Reed & Co., of this city, have the contract for the work and have had a force of men employed on it at Noblesville for some time. The road is being constructed under the name of the Central Traction company, but it is the Everett-Moore syndicate operating under another name for convenience. This road will connect with the Fort Wayne and Southwestern at Peru, giving the Toledo crowd continuous lines connecting Toledo, Detroit, Cleveland and Indianapolis.

It was the original intention of the Everett-Moore company to build from Toledo to Peru, but the construction of the Fort Wayne and Southwestern to Huntington gave the owners of that road an opportunity to occupy the route. which they will proceed to do as quickly as possible. It was for this reason that the officials of the road were here last week going over the territory between Fort Wayne and Danville, Ill.

# A HOST OF HEROES

VETERANS ARE THRONGING TO CLEVELAND.

## G. A. R. ENCAMPMENT IS BEGUN

WILL BE LARGEST IN HISTORY OF ORGANIZATION.

## SICKLES FOR COMMANDER

GALLANT OLD VETERAN HAS A STRONG FOLLOWING.

Cleveland, Sept. 9.—The first day of the thirty-fifth annual encampment of the G. A. R. opened under the most auspicious circumstances and it is now quite evident that the event will be one of the greatest in the history of the organization.

The streets were thronged with people throughout the day and the citizens committee had all it could do to care for the ever increasing crowds of visitors.

The day was largely devoted to assigning the veterans to their quarters. The committee appointed yesterday to arrange for president's day met this afternoon at the Union club, and it is announced that the preparations for Thursday's great mass meeting and good will gathering will be as extensive and interesting as the big parade Wednesday. Vice President Roosevelt has not yet been heard from, but the arrangements for president's day will be pushed, and it is confidently expected that the vice president, with members of the cabinet and other eminent visitors, now in Buffalo, will be in attendance.

Several eastern posts, prominent in which are those of the department of New York, have started an early boom for the candidacy of General Daniel E. Sickles for commander in chief of the Grand Army.

General Sickles has little to say regarding his candidacy, but it is known that his campaign is in the hands of Chas. A. Orr, commander of the department of New York, who has already issued a statement in his behalf. He is opposed to the administration of the pension office and will make his fight in the encampment on that issue.

General Sickles is one of the last of the great corps commanders now living and has been called the hero of Gettysburg. He had his right leg shot off in that battle.

Other candidates are General Stewart, of Pennsylvania, and Judge Torrance, of Minnesota.

The afternoon was taken up with the various committee meetings.

At noon today it was estimated that there were nearly 100,000 strangers in the city and it is confidently expected that on Wednesday and Thursday the city will entertain 300,000 visitors.

### SAW PRESIDENT SHOT.

Mr. and Mrs. William Kaiser, of 86 Wells street, were visitors at the Buffalo exposition Friday and witnesses Czolgosz's murderous attempt upon the life of President McKinley. Mr. and Mrs. Kaiser had entered the gallery in the Temple of Music and secured seats which afforded a view of the president shaking hands with the throng of people below them. They happened to be watching the president at the instant the assassin approached; they heard the two pistol shots, saw the puffs of smoke arise and give a vivid description of the pendemonium which followed.

### INSANE; DEMANDED CASH.

John Harrold, an inmate of the county farm, was arrested on the street by Detective Coling this afternoon. He went into the White bank and in a loud voice demanded $10,000 immediately, startling the bank officials for a moment. He soon went out and accosted people on the street, until he encountered the detective, who told him to come along and he would get the money, landing him in the police station. The man is demented.

Supt. Robert Whealey, of the Barber Asphalt company, is in the city to present his bid for Taber street to the board of works tonight. Contractor Derheimer will have the Barr street pavement completed by tomorrow evening.

The W. C. T. U. will meet Tuesday afternoon at 2:30 at the Berry Street M. E. church, and every white ribboner is invited to be present.

# HE STICKS TO HIS STORY

## Anarchist Czolgosz Stoutly Maintains That He Acted Alone---No Clue Found to a Plot.

Buffalo, N. Y., Sept. 9.—Czolgosz has made no additional admissions to the police officials and nothing that they have learned from him has aided toward a solution of the criminal side of the case. He still insists that he alone conceived, planned and carried out the crime and that he alone must answer for it. He admits that he attended meetings at which Emma Goldman spoke and he and his fellow anarchists discussed their propaganda of murder, but steadfastly denies that any of them had a part in his plan. His talks with them were fairly general, he says, and he did not divulge to them any feature of his scheme to come here and kill the president. His statement on that feature made on Saturday created the impression that he acknowledged a general talk with his assistants on this principal crime, but he now says that there was no justification for that impression. He is to be subjected to another examination today by Superintendent of Police Bull and District Attorney Penny, but the results are problematical. The stories that the prisoner is wearing out physically and mentally under the strain of his crime, imprisonment and the ordeal of questions are denied by the police, who say that there is no appreciable change in his general condition. They admit that he was clever enough to avoid admissions of a damaging character on ground outside of his general confession.

### NO CABINET ACTION.

Many sensational reports are being circulated about cabinet action looking to the apprehension and prosecution of Emma Goldman and leaders of anarchist organizations, of mysterious directions from the secretary of war to the police here, and of developments of a startling nature that are anticipated. The great majority of these reports, in the words of a cabinet officer, are "manufactured out of the whole cloth."

The question of the prosecution of Czolgosz the cabinet are unanimously of the opinion is purely a local affair. There is no government statute covering an assault upon the president of the United States, and in the eye of the law the crime of last Friday is merely a local offense committed against a private citizen in violation of the laws of the state of New York and of Erie county. The national government can have no hand in the prosecution of a local offender; his trial will take place in the local courts.

### TO PREVENT HERO-WORSHIP.

The only request Secretary Root has made to the superintendent of police and the district attorney here was one designed to prevent the would-be assassin from being made a hero of by exploitation. Mr. Root's view in this respect was shared by other members of the cabinet and the local authorities have declined to allow reporters to have access to the prisoner or even to see him. Of course, if Czolgosz had accomplices they will be ferreted out and all the aid which the government can furnish will be employed, but it can be stated upon the authority of a cabinet officer that no wholesale proceedings against anarchists are contemplated.

No specific order for the arrest or detention of Emma Goldman has been sent out by Superintendent Bull, but it is possible that she will be arrested on the general request that the police throughout the country locate and examine any person who may be suspected of complicity in the crime.

### TRACING EMMA GOLDMAN.

The police have been unable to verify the report that Emma Goldman was in the city one week ago today, but they are endeavoring to trace her movements immediately before and after the president was shot. It is practically admitted that so far they are without any evidence that directly connects her with Czolgosz's crime. Just as in the case of all other anarchists who might have had part in the crime, she is just now the subject of searching police examination.

Alfonso Stutz, the German soldier arrested here as a suspect, is still held in custody, but there is not much prospect of connecting him with Czolgosz. Superintendent Bull said today that he had practically made up his mind that Stutz was entirely innocent, but that he would probably examine him again before finally deciding. Stutz is to be prosecuted for carrying concealed weapons.

### SEIZE TRUNK OF SUSPECT.

New York, Sept. 9.—By order of Police Commissioner Murphy the police today seized the trunk of Alfonso Stutz, who was arrested at Buffalo Sunday on suspicion of being implicated in the attempt upon President McKinley's life. The trunk was taken to police headquarters for examination. Stutz only recently arrived in this country. Captain of Detectives Titus will not say anything on the subject, but it is known that the detectives are diligently searching for clews to the whereabouts of Emma Goldman. Leaders among the anarchists deny that she is in the city. They assert that she is in hiding in St. Louis.

### EMMA IN ST. LOUIS.

St. Louis, Sept. 9.—It was learned today that Emma Goldman called for mail at the St. Louis postoffice at 9 a. m. Saturday. In the afternoon she called again and left a request that any mail received for her should be forwarded to the general delivery at Chicago.

### WHAT CZOLGOSZ SAID.

Detroit, Mich., Sept. 9.—A special to the Journal from Alpena, Mich., says:

John Sherwood, a well-known land looker, also a lumberman, states that Leon Ccolgosz worked in a cedar camp near Southbranch Thunder Bay river, two years ago. He went by the name of Fritz or Fred Nieman at that time. Sherwood says the fellow was a radical anarchist and made the statement:

"The government will fall in three or four years. The president will be killed. The anarchists will win. The time for action will soon be here."

He talked of nothing else to the men working in the camps. At times he was morose, but never showed any signs of insanity. He did not say he used to live in Alpena, but was recognized by men who knew him and his family.

### HELD WITHOUT BOND.

Chicago, Sept. 9.—Nine alleged anarchists under arrest here were brought before Magistrate Prindiville today. At the request of the city attorney the hearing was postponed until September 19 in order to allow more complete investigation of charges that the prisoners conspired to assassinate the president. The police are working on the theory that Czolgosz was inspired by teachings he received while here last July. The six male prisoners were held without bail, pending the hearing, while the three women arrested with them were held in bonds of $3,000.

### NO CLUE TO PLOT.

Cleveland, Sept. 9.—Superintendent Corner, of the Cleveland police department, gave out an official statement to the Associated Press regarding the alleged anarchitistic plot to take the life of the president. He

# A SCHLEY PERSECUTOR TURNED DOWN

Buffalo, N. Y., Sept. 9.—Acting Secretary of the Navy Hackett has been pressing Attorney General Knox both by wire and letter to appoint one of the assistant attorney generals to assist Captain Lemly, the judge advocate of the Schley court of inquiry, in the conduct of the case before the court.

The attorney general, however, has declined to take a step which he believes would look like government prosecution of the officer under investigation.

The government, in his opinion, should have no part in the inquiry. It is an inquiry under the navy department, made at the request of Admiral Schley, and the government has nothing to do with it. The president himself recommended Admiral Schley for promotion and now for the department of justice to detail an officer under it to assist in the conduct of the case would inevitably be construed as a desire on the part of the administration to convict Admiral Schley. The attorney general was sustained in his position by all the members of the cabinet whom he consulted.

The whole question was gone over carefully at a meeting held in the Glenny house, adjoining the Milburn residence, yesterday. Attorney General Knox wired his decision to Acting Secretary Hackett yesterday.

The members of the cabinet have no knowledge of any suggestion of postponing the Schley court.

### DEWEY AND BENHAM CONFER.

Washington, Sept. 9.—Two members of the Schley court of inquiry were at the navy department this morning, namely, Admiral Dewey, the president of the court, and Admiral Benham. Admiral Howison has not yet come to Washington.

Admiral Dewey was in conference with Judge Advocate Lemly for some time respecting the arrangements which Captain Lemly has made for the seating of the press and spectators in the court room and as to other details.

Unless the president's condition should change materially for the worse the court will meet on Thursday next, exactly as ordered in the precept, and the inquiry will begin at once.

It had been supposed that several days would be consumed in organizing the court and in dilatory adjournments pending the beginning of the real work of the inquiry. The determination of the court, however, is to settle down to work immediately. If objection is made to any member of the court, that objection probably will be disposed of by the court itself in short order. It certainly will not be allowed to delay the beginning of the inquiry many hours, much less days, according to the present temper of the court.

# GRAVE TROUBLE SEEMS IMMINENT

## Strikers in Large Numbers Picket Mills and Prevent Men Going to Work---Prospect of Peace Thought Fair.

Pittsburg, Sept. 9.—The strike situation in McKeesport reached an acute stage this morning and serious trouble was feared as a result of the efforts of the striking tube workers to prevent men from returning to work as they did Saturday. The effort was almost perfectly successful and where last week from 800 to 1,000 men went back into the mill, not more than a dozen were able this morning to elude the multitude of pickets and get back into the mill.

There was great excitement in McKeesport this morning as a result of this turning out of the strikers, more than at any time yet.

Something over 2,000 strikers congregated about the great plant of the National Tube company shortly after midnight and remained there until this morning. Every approach to the mill was guarded most vigilantly and around the main entrance more than 600 strikers and sympathizers gathered. The streets adjacent to the mills were crowded and as men approached to go to work they were met and turned back.

At Demmler a crowd of fully 200 strikers gathered about the plant,

# THE PRESIDENT WILL LIVE

(Continued From First Page.)

the president's condition should have some periods of restlessness. But he is receiving no anesthetics. He is fully conscious at all times when he is awake and his mind is clear."

When asked if the president conversed with those about him, the doctor said the patient was quite abe to talk and did as far as permitted, although they were reluctant to permit him to sap any of energy in this way.

Secretary Wilson, who moved on down Delaware avenue while Dr. Park was talking to the newspaper men, was overjoyed with the word which the physicians had brought from the sick room.

"The president will get well," he said, several times. "I feel it, and I am sure the doctors now feel it. Of course, the danger point has not been passed, but the continued absence of unfavorable symptoms strengthens our hope.

NO SIGN OF INFLAMMATION.

"The period for peritonitis to appear is rapidly passing away and there is not a sign of inflammation. The promptness with which the operation was performed and the skill with which it was accomplished are telling their story. The tissues were sutured so quickly that they probably began to heal immediately. The president's good health and the long life of careful living behind him are in his favor, but above all, his indomitable will and his fine courage are the factors counted upon to pull him through. He has made up his mind to live, and live he will.

"The rise in his temperature during the night was somewhat disturbing, but his febril condition is better this morning and our hopes continue in the ascendant. The fact that his slumber during the night was restless is not to be wondered. All the conditions under which he is living are abnormal. The water and liquid nourishment which he is receiving are being administered hypodermically, and this fact alone would account for his restlessness."

EVERY HOUR A PROMISE.

Dr. Hermann Mynter came from the Milburn house at 9:30. He said to the Associated Press:

"Everything is satisfactory. Every hour that passes with no decidedly unfavorable results is encouraging and indicative of final recovery."

Dr. Eugene Wasdin, another of the consultation staff, emerged from the house a few minutes later. He said:

"There are no distressing symptoms. The restlessness of the patient during the night is not serious and is to be expected when it is understood that he slept during the day yesterday."

Abner McKinley, brother of the president, arrived at the house of Mr. Milburn at 10:05 and was immediately admitted. He had come all the way from Denver.

Senator Fairbanks and Comptroller of the Currency Dawes came from the house together and their smiling faces indicated the satisfaction prevailing among those nearest the president. "Splendid, splendid," Senator Fairbanks exclaimed to the doctors' last report.

ABNER M'KINLEY ARRIVES.

Just then Abner McKinley and several friends arrived and there was an interesting group on the lawn, with the tall figure of Senator Fairbanks in the center and Messrs. McKinley and Dawes on either side. The good news from the sick room was imparted to the president's brother and the latter's friends and all joined in heartfelt expressions of relief. Intense anxiety had been felt over the outcome of the morning conference, and the result lifted a great load of apprehension from those nearest and dearest to the president, giving them greater courage than had been felt at any time before.

When Abner McKinley came from the house at 10:35 he repeated the expressions of confidence given by those who had preceded him, but added no new details on the situation.

SENATOR HANNA HAPPY.

Senator Hanna drove up as Mr. McKinley left. The senator seemed to be in a happy frame of mind, as the satisfactory bulletin had already reached him. When a number of photographers leveled their cameras at him he smilingly asked:

"How many times a day do you fellows expect to do that to me?"

A friend of the senator who accompanied him added the jocular comment: "Instead of the camera, you had better put the X-rays on the senator."

Those passing remarks reflected the happy state of feeling which prevailed among those near to the president.

COLONEL HERRICK THERE.

The friend who accompanied Senator Hanna proved to be Myron T. Herrick, of Cleveland, one of the closest personal friends of the president. He and the senator remained some time in the house. Henry B. MacFarland, president of the board of commissioners of the District of Columbia, came from the house at 11 o'clock.

"I am satisfied that there is no further doubt of the president's recovery," he said. "The bulletins are exceedingly conservative and they must be read between the lines to get the evidences of improvement. Read in this light and from all the surrounding previous instances, I believe the president is certain to recover."

Dr. Hermann Baier and his wife, formerly Miss Mabel McKinley, daughter of Abner McKinley, called about noon time to see Mrs. McKinley.

Secretary Hitchcock and Senator Hanna emerged from the Milburn house shortly after noon. The senator appeared to be very jubilant. He stopped a moment before entering his automobile to express his great satisfaction at the president's condition.

"Every bulletin is an improvement," said he, "and the last is the best of all. Of course, last night was an anxious one, but the president passed it in safety without a change for the worse. The crucial period will probably extend throughout another day, possibly longer, but every hour now is a victory."

"Is the president's mind clear?"

"Clear as a bell," replied the senator promptly.

"Does he talk?"

"As much as he is allowed to," he answered, smiling. "Mrs. McKinley was with the president for some little time this morning," he added. "She is doing splendidly."

MRS. M'KINLEY SEES HUSBAND.

Mrs. McKinley was admitted to the sick room this morning and had a brief stay with her afflicted husband. The veil of domestic privacy is, of course, thrown over the details of the meeting, and any accounts of it are necessarily supposititious. Mrs. McKinley bore up well and displayed the same fortitude which has characterized her, as well as the president,, since the tragic event occurred. Although there have been statements that Mrs. McKinley had not been apprised in the manner in which the president was injured, it can be stated positively that she is fully aware that he was shot, although it has not been necessary to dwell upon the harrowing details of the affair. As much as possible she has been buoyed up by the encouraging attitude of the physician and she responded by giving all her strength toward passing through the ordeal with calmness.

PATIENT MOVED HIMSELF.

As indicating the growing strength of the president the following incident of the morning is related by one of those inside the Milburn house familiar with the facts:

"Mr. McKinley had been lying for some time in one position, but during this morning he asked if he could change this position. The doctors in attendance gave their assent, whereupon the president changed his position by his own effort, without difficulty and without pain."

ROOSEVELT CALLS.

Vice President Roosevelt did not leave the Wilcox mansion, where he is staying, until after the noon hour, and then he walked the mile to the presidential residence in company with a correspondent of the Associated Press. Just after he left the mansion he was accosted by a colored man who was raking a lawn. "Governor, may I shake hands with you," he said.

"You certainly may," answered the vice president, turning quickly and grasping his hand, and then as two laborers with dinner pails and tools slipped up, he shook hands with them. "Aint you afraid to be stopped?" asked one of the men.

"No, sir," he snapped out, "and I hope no official of this country will be afraid. You men are our protection, and the foul deed done the afternoon of Friday will only make you the more vigorous in your protection of the lives of those whom you select to office. Such men as you can work with the ballot the salvation of the country without resort to violence."

A SANGUINE VIEW.

As he walked on the vice president discussed the case of the president and his condition. He said in part:

"I believe that the bulletins being issued are not too sanguine. In fact I know they are not. I am perfectly positive that the president will recover; and more than that, I believe the illness will be brief and the recovery rapid. I had two men and a relative shot in the same manner in the Cuban campaign. They lay in the marshes for some time without attendance and yet they recovered.

"I may say that I have even deeper information than the bulletins, and I again say with great confidence that the president will recover.'

The vice president arrived at the Milburn house at 12:20 and was at once admitted. He remained about ten minutes, and when he came out reiterated what he said above.

# FAMILY FROM TWO STATES

## HOLDS ANNUAL REUNION AT ROBISON PARK.

### Notable Gathering of the Kistler Family Sunday Brings About 600 Relatives Together.

Perhaps the largest gathering of relatives ever held in Allen county was the annual reunion of the Kistler family held Sunday at Robison park, when Ohio members of the family joined the Indiana branch in the yearly meeting. The allied families of Kistlers, Fredericks, Hoeltzells, Warners, Garmans, Myers and Hensingers were present to the number of about six hundred.

Nearly two hundred of the guests were from Seneca county, Ohio, arriving at noon. Street cars were in waiting and they were taken at once to the park, where the Indiana relatives wer gathered to the number of about four hundred. Upon an immense table, 125 feet in length, was piled an elaborate dinner, to which the visitors did liberal justice, the table being filled four times before all had been served.

Each person wore a badge indicating his membership in the family—the badges being distributed by a committee composed of Aaron Kistler and Eli Garman, assisted by Miss Alda Frederick. Eli Garman and Frank Garman, representing Indiana, and Aaron Kistler and William Frederick, representing Ohio, were reelected committeemen. Aaron Kistler, of Republic, Ohio, is president of the association, and John Metzgar is secretary. The day was thoroughly enjoyed.

It has been the custom for some years to hold these reunions alternately in Seneca county, Ohio, and the meeting next year will be held in the Ohio town.

# ABOUT THE COURT HOUSE

The superior court opened this morning and over thirty cases were called upon which rulings were made, judgments rendered and trials were set. The following judgments were entered:

Mabel S. Konn vs. James A. Konn, divorce to plaintiff, $100 alimony and permission to resume her maiden name, Shannon.

In the replevin case of the Marshall & Huschart Machinery company, of Monroeville, vs. D. S. Redelsheimer, the finding was for the plaintiff, who were, however, assessed for the costs.

In the case of Schreck vs. Borkenstine, $5,000 damaages, an order was made that the court should request a copy of the plaintiff's pension papers from the federal government, as it is alleged by the defendant that the plaintiff is drawing a pension from the government for the identical injuries which are now claimed to have been inflicted by the defendant.

In the divorce case of Caroline Seeman vs. William Seeman, the defendant defaulted and part of the evidence was heard.

The case of William Moellering vs. T. J. Peter has been dismissed at plaintiff's costs.

The action of Mary C. Smith vs. Minnie A. Tether was settled and dismissed.

The damage suit of Eliza Smith vs. Maud Pearson, in which the plaintiff claims damages in the sum of $5,000 for the alienation of the affections of her husband has been set for trial October 10.

The case of Lowry vs. Lehr, which has encumbered the docket for a number of years, was stricken off by agreement.

The damage suit of Samuel Warner vs. the Fort Wayne Traction company will be heard in another county, the defendant having made an affidavit for change of venue.

The divorce case of Pence vs. Pence is on trial before Judge Aiken this afternoon.

The grand jury was empanelled this morning and Joseph Tonkel was selected as foreman. Julian Franke, Henry Branning and David Bowers failing to make their appearance Judge O'Rourke appointed Joseph Tonkel, Henry Wellman and Benjamin McIntosh in their stead. John Daily was appointed bailiff.

Charles Trowbridge, the young man bound over by Judge Louttit for stealing mattresses from the Foster factory, was brought into the circuit court this morning, where he entered a plea of guilty. He was sentenced to the prison south for an indeterminate years, one to fourteen years.

Edith J. S. Bonnell was committed to the feeble minded home this morning by Judge O'Rourke. The patient is over nineteen, and this is the first case from this county under the new law where the judge can make the commitment.

Arthur Richards, an incorrigible lad, was sent to the reform school by Judge O'Rourke this morning.

The case of George D. Ramp vs. Walter D. Ramp vs. Walter Powell has been venued here from Whitley county.

Henry B. Houts has commenced suit against John B. Kelley et al on foreclosure of mortgage.

# WAS THEME OF MANY PASTORS

## MURDEROUS ATTACK ON PRESDENT M'KINLEY.

### Denounced From Fort Wayne Pulpits—All Offered Prayers for Chief Executive's Recovery.

In Fort Wayne churches every denominations, without a single exception, earnest prayer was offered up Sunday that President McKinley, stricken down by the murderous hand of an assassin, might be carried safely through the crisis and be fully restored to health. There was but one sentiment, and the prayers of the clergymen but echoed the hope in the hearts of every hearer.

The effect of Friday's terrible affair at Buffalo was plainly evident in the solemn, thoughtful earnestness of the worshipers whenever the shooting of the president was mentioned, and with hardly an exception the pastors made reference to it in their sermons. In every quarter the crime was deprecated in the most earnest manner, and the anarchistic spirit which prompted the assassin in his despicable work was denounced in unmeasured terms. Among the pastors who made especial reference to the terrible affair at the morning service were Rev. Dr. Moffat, of the First Presbyterian church; Rev. J. Webster Bailey, of Plymouth Congregational church, and Rev. A. S. Prestoon, of Wayne Street M. E. church.

In the evening the attempt upon the life of the president was the theme of an especially strong sermon by Rev. J. Budman Fleming, of Westminster Presbyterian church, who took his text from II Samuel, 20:9-10, and in the couorse of which he said:

"A darker plot upon a fairer face could never have been made. Such a crime in such a civilization, in a country where the government is by the people and perpetrated upon such a man as President William McKinley, is almost unthinkable.

"William McKinley has been made the target of anarchy and nihilism and may God grant his recovery and permit him to live until these broods of vipers, hich have been hatched in nests of sin, are forever exterminated from our beloved country.

"Anarchy knows no justice and the rights for which it clamors are to destroy all law which offers society protection; to break up those institutions which animate and feed the better morals of the people and which distinguishes our civilization from that found in heathendom. Anarchy would lay in ashes every church and school house and college in the whole land. It would put an end to progress and virtue and establish a society of godless, lawless, stenchful, lustful human butchers. It would drive a dagger through your heart, put a torch to your dwelling and to industry and freedom.

"Under a complete reign of the gospel such deeds could not be. Nay, such deeds could not enter into the thoughts of men. The man today who sympathizes with the perpetrator of such a black crime ought to be treated as an outlaw and a heathen."

# HE STICKS TO HIS STORY

(Continued From First Page.)

states that the Cleveland police force has been following up the meager threads of evidence presented but that they can find no proof whatever that such a plot existed.

There is still a strong impression among residents of Newburg that a ring of anarchists exists in that locality and that they are working in conjunction with Chicago anarchists.

THE ASSASSIN'S STORY.

Buffalo, N. Y., Sept. 9.—The statement of Leon Czolgosz made to the police, transcribed and signed by the prisoner is as follows:

"I was born in Detroit nearly 29 years ago. My parents were Russian Poles. They came here 41 years ago. I got my education in the public schools of Detroit and then went to Cleveland, where I got work. In Cleveland I read books on socialism and met a great many socialists. I was pretty well known as a socialist in the west. After being in Cleveland for several years I went to Chicago, where I remained seven months, after which I went to Newburg, on the outskirts of Cleveland, and went to work in the Newburg wire mills.

"During the last five years I have had as friends anarchists in Chicago, Cleveland, Detroit and other eastern cities and I suppose I became more or less bitter. Yes, I know I was bitter. I never had much luck at anything and this preyed upon me. It made me morose and envious, but what started the craze to kill was a lecture I heard some little time ago by Emma Goldman. She was in Cleveland, and I and other anarchists went to hear her. She set me on fire.

"Her doctrine that all rulers should be exterminated was what set me to thinking so that my head nearly split with pain. Miss Goldman's words went right through me, and when I left the lecture I had made up my mind that I would have to do something for the cause I loved.

"Eight days ago while I was in Chicago I read in a Chicago newspaper of President McKinley's visit to the Pan-American exposition at Buffalo. That day I bought a ticket for Buffalo and got here with the determination to do something, but I did not know just what. I thought of shooting the president, but I had not formed a plan.

"I went to live at 1078 Broadway, which is a saloon and hotel. John Nowak, a Pole, a sort of politician who has led his people there for years, owns it. I told Nowak I came to see the fair. He knew nothing about what was setting me crazy. I went to the exposition grounds a couple of times a day. Not until Tuesday morning did the resolution to shoot the president take hold of me. It was in my heart. There was no escape for me. I could not have conquered it had my life been at stake. There were thousands of people in town. I heard it was president's day. All those people seemed bowing to the great ruler. I made up my mind to kill that ruler. I bought a 32-calibre revolver and loaded it.

"On Tuesday night I went to the fair grounds and was near the railroad gate when the presidential party arrived. I tried to get near him but the police forced me back. They forced everybody back so that the great ruler could pass. I was close to the president when he got into the grounds, but was afraid to attempt the assassination because there were so many men in the bodyguard that watched him. I was not afraid of them or that I should get hurt, but afraid I might be seized and that my chance would be gone forever.

"Well, he went away that time and I went home. On Wednesday I went to the grounds and stood right near the president, right under him, near the stand from which he spoke. I though half a dozen times of shooting while he was speaking, but I could not get close enough. I was afraid I might miss and the great crowd was jostling and I was afraid lest my aim fail. I waited Wednesday and the president got into his carriage again and a lot of men were about him and formed a cordon that I could not get through. I was tossed about by the crowd and my spirits were getting pretty low. I was almost hopeless that night as I went home.

"Friday morning I went again to the exposition grounds. Emma Goldman's speech was still burning me up. I waited near the central entrance for the president, who was to board his special train from that gate, but the police allowed nobody but the president's party to pass where the train waited, so I stayed at the grounds all day, waiting.

"During Friday I first thought of hiding my pistol under my handkerchief. I was afraid if I had to draw it from my pocket I would be seen and seized by the guards. I got to the Temple of Music the first one and waited at the spot where the reception was to be held. Then he came—the president—the ruler—and I got in line and trembled and trembled until I got right up to him and then I shot him twice through my white handkerchief. I would have fired more, but I was stunned by a blow in the face—a frightful blow that knocked me down—and then everybody jumped on me. I thought I would be killed, and was surprised at the way they treated me."

Czolgosz ended his story in utter exhaustion. When he had about concluded he was asked:

"Did you really mean to kill the president?"

"I did," was the cold-blooded reply.

"What was your motive; what good could it do?" he was asked.

"I am an anarchist. I am a disciple of Emma Goldman. Her words set me on fire," he replied, with not the slightest tremor.

"I deny that I have had an accomplice at any time," Czolgosz told District Attorney Penny. "I don't regret my act, because I was doing what I could for the great cause. I am not connected with the Paterson group, or with those anarchists who sent Bresci to Italy to kill Humbert. I had no confidants; no one to help me. I was alone, absolutely."

FINANCIERS CONFIDENT.

London, Sept. 9.—"The feeling of the British financial world," said Lord Rothschild this morning to a reporter of the Associated Press, "is that President McKinley will get well and everything come all right. Hence the rise of American securities on the stock exchange above parity."

Asked if he thought the financial condition of the United States was strong enough to withstand the worst contingency, Lord Rothschild said:

"We are not dealing with hypotheses. We think President McKinley will live and that is sufficient. Today's rise is due to a general feeling in that and to no concerted action on the part of the financial leaders."

Lord Rothschild expressed sorrow for the attempted assassination of President McKinley and added that everybody he knew felt the same way.

HEAT NERVE PROSTRATION.

SUDDEN PROSTRATION IS A FEATURE OF HOT WEATHER UPSET NERVES AND WEAK NERVE CENTERS ARE THE CAUSES.

All along the line of mental and muscular exhaustion so prevalent during the summer months is the underlying cause of overworked nerves—over consumption of Nerve Tissue which has not been replaced. It is manifested in the mind that refuses to receive and act upon impressions in the usual way—and that, sometimes when attempted to be whipped into work, jumps the bounds of reason and flounders in a maze of confusion. It is manifested physically by an over-tired, languid, exertionless, muscle-relaxed condition that lacks resisting power which is necessary to withstand heat exposure. It's by the influence of Dr. A. W. Chase's Nerve Pills in rallying Nerve Force that energy is quickened—the great web like Nerve System of the body vibrates with new life—Brain Nerves—Heart Nerves—Stomach Nerves fell the influence as activity replaces lassitude and strength is regained. The hidden current within which speels life has been brought to nature's required standard.

Mrs. S. Henline, of 283 Webster street, Fort Wayne, Ind., says: "As a nerve tonic Dr. A. W. Chase's Nerve Pills I got at Meyer Bros. & Co.'s drug store, No. 14 Calhoun street, are fine. I was nervous, sleepless and weak. The medicine cured this giving strength, energy, good peaceful sleep and strong steady nerves. I am glad to recommend it."

### FATHER WAS COMPLAINANT.

(Columbia City Post.)

Sheriff Gallagher returned Friday evening from Fort Wayne with Arthur Christeon, who was wanted on the charge of grand larceny. The young man had stolen the watch of his father in this city on Monday, as previously chronicled by this paper, and Saturday morning went before Judge Adair and plead guilty to the charge. His honor, after giving the young man a good lecture, sentenced him to the Indiana reformatory at Jeffersonville for a term of two to fourteen years. The case has caused considerable comment and is, indeed, a sad one. The young man will be held in custody here probably until the end of court, when others may have to leave for the same destination.

### ENGLISH SCHOOLS OPEN.

The English Catholic schools connected with the Cathedral and St. Patrick's church began their sessions this morning, and in connection with the two parochial graded schools the high school opened at Library hall and St. Catherine's academy for advanced pupils of St. Patrick's was inaugurated. The German Catholic and Lutheran schools opened a week ago.

Miss Katie Fox, of Garrett, arrived in the city this morning to attend the high school for the coming winter. Miss Fox will make her home with Mr. and Mrs. J. A. Foster, of Lakeside.

Miss Mattie Staub is the guest of Miss Carrie Plessinger, of Bluffton.

### KNOWLEDGE OF FOOD.

Proper Selection of Great Importance in Summer.

The feeding of infants is a very serious proposition, as all mothers know. Food must be used that will easily digest, or the undigested parts will be thrown into the intestines and cause sickness.

It is important to know that a food can be obtained that is always safe, that is Grape-Nuts.

A mother writes: "My baby took the first premium at a baby show on the 8th inst., and is in every way a prize baby. I have fed him on Grape-Nuts since he was five months old. I also use your Postum Food Coffee for myself." Mrs. L. F. Fishback, Alvin, Tex.

Grape-Nuts food is not made solely for a baby food by any means, but is manufactured for all human beings who have trifling, or serious, difficulties in the stomach and bowels.

One especial point of value is that the food is predigested in the process of manufacture, not by any drugs or chemicals whatsoever, but simply by the action of heat, moisture and time, which permits the diastase to grow, and change the starch into grape-sugar. This presents food to the system ready for immediate assimilation.

Its especial value as a food, beyond the fact that it is easily digested, is that it supplies the needed elements to quickly rebuild the cells in the brain and nerve centers throughout the body.

Emma Goldman, who appears to have been largely the cause of the assault on the president's life, would be serving mankind more usefully darning socks than damning governments.

An eminent criminologist pronounces Czolgosz, the assassin, a degenerate of lowest type. It is on many accounts to be hoped that he is. Normal men will be glad to have as little in common with the wretch as possible.

The prospect that the Everett-Moore electric railway syndicate is headed this way with its lines ought to help along adoption of a policy of general encouragement of such enterprises by the municipality and citizens of Fort Wayne. Though we should not get that concern's line, there are and will be others. Help get 'em.

The news that comes today from the bedside of the stricken president is of a sort to cause rejoicing throughout the land. While the distinguished sufferer is not yet beyond the danger line he is making such a superb fight and holding his own so well that recovery now seems more than mere hope. If the president shall do as well for the next twenty-four hours as he has for the past twenty-four his restoration to health and strength may be regarded as almost assured.

Certainly the principle of free speech never meant in this country nor in any other the right to openly and without hindrance or fear of consequence advocate assassination. It is easy enough to say the ravings of the Herr Mosts and Emma Goldmans are harmless, because for the most part they are; but here and there is a vain degenerate like Czolgosz or Bresci to be inflamed with zeal to murder. There's the harm of it and the reason for compelling free speech to be lawful speech. To preach assassination in a land where every wrong may be righted peacefully by the ballot is so monstrous as to make one shudder.

It is an interesting report that comes from Buffalo today that Attorney General Knox has positively refused to appoint one of the assistant attorney generals to aid Judge Advocate Lemly in the conduct of the Schley inquiry. It appears that Assistant Secretary of the Navy Hackett has been persistent in his demand that one of the officers of the law department of the government be detailed to assist in what the acting navy secretary offensively misconceives to be a prosecution of the victor of Santiago. The action of Attorney General Knox is said to have the full approval of the cabinet and of the president. The news is wholesome and refreshing. Meanwhile, it does not deal with the apparent necessity to find an assistant secretary of the navy who is not burning with so much zeal to convict a real hero of something.

### CURBING THE REDS.

The attempt on the life of the president is, as it now appears, likely to have salutary influence in the direction of restraining the evil work of the propagandists of anarchy in this country. Many remedies are being suggested and discussed, and most of them have a degree of merit. Whatever is done to restrain the preachment of violence and the plotting of assassinations by groups of anarchists in the United States will have the hearty approval of the country.

Among the measures likely to be of benefit is proposed co-operation by the police departments of the cities of the country to spot and keep watch of the known anarchists, especially the agitators, and to prevent by such laws as already exist in most of the states the incendiary public utterances of the leading propagandists. Such measures will make it comparatively easy to keep the more dangerous element among them under effective surveillance.

There is likely to be much special and some drastic legislation dealing with this species of crime the coming winter and it will follow as a result that the anarchists who preach the use of the bomb, the knife and the pistol can be held down. Doubtless, also, there will be laws enacted to especially deal with persons who kill or attempt or plot to kill the heads of government.

However all this may turn out, one thing is certain, and that is that the immigration laws should be so reformed as to prevent the coming to this country of the foreign classes from which the ranks of the anarchists are most considerably recruited.

## SECOND WEEK IN OCTOBER

### CHOSEN FOR FORT WAYNE RACE MEET THIS YEAR.

Red Ribbon Association Hangs Up Purses Aggregating $5,000 —The Program.

The Fort Wayne races this year will be held the second week in October—the meet beginning Tuesday, October 5, and continuing four days—and purses aggregating $6,600 will bring a splendid lot of horses to the local track. Secretary Fleming has opened offices at room 6, Arcade, and may be found there attending to advance arrangements for the meeting. The complete program offered by the Red Ribbon association follows:

## WANT ANARCHISTS EXCLUDED

### TIPPECANOE CLUB TO TAKE UP THE QUESTION.

Will Favor More Rigorous Punishment for an Attempt on Life of the President.

The Tippecanoe club will hold its regular monthly meeting next Wednesday night, and it is expected that a resolution will be introduced, discussed and adopted in favor of needed action on the exclusion of anarchists from the country and for proper punishment of the crime of assassination or attempted assassination of the president or other constituted heads of the government and the state. C. R. Lane, president of the club, said this morning:

"The attack on the president, if he lives, as it now seems, thank God, that he will, is an assault with intent to kill, with a maximum penalty under New York laws of ten years in prison, with three years off for good behavior. This utterly fails to fit the crime. Seven years for striking down the most precious life in the republic—not because of the man, but of the office which he holds—is grotesquely inadequate and its moral effect is not only to bring contempt on the American people in the eyes of the good people of the rest of the world, but to encourage other assassinations. There is no less majesty in the sovereignty of the American people than in the sovereignty of any governing power, and attempts to destroy the man whom the people put forward to represent and maintain that sovereignty are even greater crimes than if it were the individual that was struck down instead of the attempt on the life of the government. Legislators, however, will not take one step in advance of undoubted public sentiment and it is to help promote public sentiment that the Tippecanoe club will speak after deliberation in no uncertain tones. I hope every member will be present."

### BICYCLIST NILSON DIES.

New York, Sept. 9.—John Nilson, the young bicyclist, of Chicago, who was injured in his race with Jimmy Michaels at Madison Square Garden last Wednesday night, died today at Bellevue hospital. Nilson's left leg was badly lacerated by one of the wheels of his motor tandem. The limb was amputated last Saturday to prevent the spread of blood poisoning, but he did not recover from the shock of the operation. Nilson was 21 years of age.

## ABOUT THE CITY HALL.

The waterworks trustees, the special committee on waterworks, the mayor and Engineer Holt will meet this evening at the trustees' office for the ostensible purpose of making final arrangements for advertising for bids for additional water supply at station No. 1. Just what will come of the meeting can not be foretold, but Mayor Berghoff says he will also ask the officials to arrange for some farther test of the field at No 2 station. He favors an appropriation for the purpose of putting down at least two-ten inch wells on the west end grounds and seeing what can be done there. He is not inclined to discourage the belief that there is plenty of water at No. 1 station, but insists that nothing has yet been developed there to completely substantiate the assertion that there is plenty of water there. Neither does he insist that better results can be obtained at No. 2, but inasmuch as the latter field has so far given the best promise, he believes that further investigation should be made there. In speaking of the test of the centrifugal propeller pump which he saw at Indianapolis last week, he says that he firmly believes that if that pump were put down even 150 feet in any of the wells at No. 1 station it would exhaust the entire supply in five minutes and throw air. He says the pump is certainly a wonder.

The board of works is meeting in regular session this afternoon and among other business to be transacted will receive bids for the paving of Tabor street, from Calhoun street to Webster, an improvement which is to be completed yet this fall. Bids will also be received for laying a sidewalk on both sides of Walton avenue, from Maumee avenue to Washington street; sidewalk on the north side of Hugh street, from Ohio street to McCulloch street; sidewalk on the north side of Taylor street, from Nelson to Garden streets, and for grading the alley between Madison and Jefferson streets, from Barr to Lafayette streets.

William Schone has been granted a permit to build a house to cost $800, and Charles King to erect a house on Columbia avenue to cost $1,000.

The city council will meet tomorrow evening and among other important matters will be the consideration of the report of the finance committee recommending the appropriation of $2,000 to pay for the opening of Fourth street. The indications are that the appropriation will be made almost unanimously.

## BORNE DOWN BY HIS LOAD

### THOMAS GLYNN OVERESTIMATED HIS TONNAGE.

Got Filled to the Gunwales and Went Down in Sight of Land—Other Police Matters.

Police court this morning was a continuous dream of joy to everyone but Thomas Glynn, who was sent over the pike for eleven days, owing to his lack of tensile strength and carrying capacity. Thomas loaded himself to the guards with bad booze yesterday and then broke in two in the middle. The police found the wreck and toted it to the station, where the unfortunate Thomas slept until this morning, when he faced the judge and got salivated eleven dollars worth. Josiah Barnet, a train climber, arrested Saturday afternoon, was let go and given an hour to leave town and William Langun, who was drunk, but succeeded in standing up under the load, promised never to tamper with the booze-can again and was also let go.

Peter Hunt, a colored gentleman, was out with a party of colored friends on Saturday night and they made a number of social calls, including more or less jag emporiums. When Peter invoiced himself he found that his cash drawer was just $12 short. He reported the matter to the police and says he is afraid one of his friends got away with the boodle. The officers heard the story, but Pete is still out the twelve.

A lady's skirt was found on the street and sent to the police station, where it can be had by the owner.

Officer Blum found a bicycle on the street last night and took it to the police station. The store room at headquarters looks something like a curiosity shop.

A woman whose name was not learned, fell off a Robison park car, near the Centlivre brewery, yesterday afternoon. She was momentarily stunned, but was not seriously hurt, and her fall was no fault of any of the company's employes.

A defective wire started a little blaze in Miner's hallway, corner of Main and Calhoun streets Saturday night. The blaze was extinguished without damage.

Herman Schuman, a farmer living out on the Lima road, reported to the police that last Saturday, while he was in the city, his hired man, William Hitchcock, eloped with his watch and a razor. William was a soldier in the Philippines and some months ago was discharged at police court on account of his soldier record.

Mrs. E. S. Baker reports the loss of a small band ring, the property of her little daughter.

## THE DEATHS AND FUNERALS

### TIELKER.

Edwin Tielker, infant son of Mr. and Mrs. Conrad Tielker, of Wayne township, died Sunday from cholera infantum at the age of seven months.

Funeral services will be held from the residence Tuesday afternoon at 1:30.

### M'CLAIN.

Lillie McClain, an inmate of the school for feeble-minded youth, died at the institution Saturday afternoon at the age of ten years, two months and eighteen days.

### REFFELTS.

Florence Reffelts, infant daughter of Mr. and Mrs. Charles Reffelts, of Clay street, died Sunday at the age of ten months from diphtheria.

Funeral services were held from the residence today.

### ALLEN.

Albert Allen, son of Mrs. Carrie Allen, of Hale avenue, died Saturday afternoon from typhoid fever, after an illness of five weeks. He was eighteen years of age, and a promising and respected young man. Surviving are the mother, two brothers and two sisters.

### WILKENING.

Louis Wilkening died Saturday evening at his home, 419 East Washington street, after an extended illness at the age of forty-seven years. Death was due to a complication of diseases. The surviving relatives include the widow and three children.

The remains will be taken to Cincinnati Tuesday for interment.

### SCHUELKE.

Lottie Schuelke, the little daughter of Mr. and Mrs. Louis Schuelke, of 65 John street, died at 5 o'clock Saturday evening at Hope hospital, as the result of injuries received in falling from a window. The little one's age was three years, one month and twenty-five days.

Funeral services will be held Tuesday afternoon at 1:30 o'clock, and the interment will be at Concordia.

## GERMANS HAVE A GREAT DAY

### ANNUAL OUTING IS HELD AT CENTLIVRE PARK.

### Fully 5,000 People Enjoyed the Addresses and the Athletic Contests Sunday.

German day at Centlivre park Sunday was very successful and was enjoyed by an audience that numbered fully 5,000 people, for in addition to the membership of the German societies in Fort Wayne were hundreds of visitors from out of the city.

Mayor Berghoff delivered the address of welcome and spoke of the value of such outings as a relaxation from the serious work of life. Hon. Rudolph Worch, of Jackson, Mich., delivered the main address of the day—a scholarly effort, that was heard with close attention and liberally applauded. During the afternoon and evening several of the singing societies gave concerts that added much to the enjoyment of the gathering, while the City band rendered an excellent program.

LOCAL ATHLETES WIN.

Great interest centered about the athletic contests, and Fort Wayne people were successful in all the events. The results were:

The first event, putting the 16-pound shot, was won by Richard Lohse, with Christ Hahn second. The put was thirty feet three inches.

John Wagner took first prize in the pole vault, closely followed by Max Wehnert. The distance was eight feet four inches.

The running broad jump was won by Alfred Ludwig, with Max Wehnert second. The winner jumped seventeen feet six inches.

The 300-yard relay race was carried off by a team composed of Max Wehnert, John Wagner and Richard Loshe.

The one mile bicycle race was run in slow time with a good spurt at the stretch. Henry Wehr took first prize and Nelson Bucher came in second. The time was 2:52.

The 100-yard dash for boys under fourteen was won by Alfred Schwier, with Fred Weberruss second.

The 100-yard dash for boys between fourteen and eighteen was won by Carlos DeGrado, colored, with George Sosenheimer second.

The 100-yard dash for men over eighteen years of age, was taken by K. C. Evans, with David McNaught second. The time was 10 2-5 seconds.

The wheelbarrow race for fat men was won by Herman Hoppe, with John Koch second.

The egg race for girls under fourteen was won by Helena Wermuth, with Miss Janorschke second.

The sack race was won by Fred Ludwig, with Max Wehnert second.

The final event, the tug-of-war, was won by the Singers after a tough struggle with the Turners.

## THEY WON AT TOLEDO.

At Toledo Saturday the Fort Wayne traveling men defeated the Toledo drummers decisively in a game of base ball, the score being 14 to 6. Concerning the game, the Toledo Times says:

The pride of Toledo suffered humiliation in copious quantities yesterday, when the Toledo traveling men played their brethern a game of ball at Armory park. There was a goodly crowd out to see the game, and enthusiasm was not lacking, if things seemed to be a trifle one-sided in the way of playing ball. The Toledo team was simply beaten, and that in a most decisive manner that left no room for doubt. The Fort Wayners played much better ball.

The Fort Wayne men were arrayed in blue uniforms, and presented a neat and tidy appearance. It was a jolly crowd, and the visitors were royally treated by the Toledo contingent.

## PHILLEY'S MILK NOT IMPURE.

The statment made Friday in the city papers that Dairyman M. U. Philley was among the number accused of adulterating their milk was not true. In a long list of milk venders whose wares had been tested Mr. Philley's name appeared, but his milk was pronounced pure. In some manner his name got mixed with those who were found to be selling adulterated milk, and the honest gentleman has suffered an injustice in consequence. Dr. MacBeth, the city health commissioner, Sunday gave Philley a signed statement guaranteeing the purity of the product of his dairy, in order to set him right with his customers.

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I heard of but never found any relief; such was my case until I began using CASCARETS. I now have from one to three passages a day, and if I was rich I would give $100.00 for each movement; it is such a relief." AYLMER L. HUNT, 1689 Russell St., Detroit, Mich.

## NEWS OF THE DIAMOND

### STANDING OF THE CLUBS.

| | Won. | Lost. | Pct. |
|---|---|---|---|
| Dayton | 75 | 52 | .591 |
| Grand Rapids | 74 | 54 | .578 |
| Toledo | 69 | 56 | .552 |
| Fort Wayne | 71 | 58 | .550 |
| Wheeling | 68 | 61 | .527 |
| Matthews | 54 | 70 | .435 |
| Marion | 49 | 76 | .392 |
| Columbus | 47 | 80 | .370 |

There have been some fancy stunts done on the base ball field since The Sentinel last went to press, and some funny pranks have been played with the schedule of standings. The only club that has played consistent ball is Matthews, which has continued to lose, lose, lose every game it has played. If Armour and Strobel really have their money up as alleged, Armour must be given credit with having a heap of nerve, for rumor has it that he bet Charlie Strobel a thousand cold that he would win the pennant and it looks very much like it now. Walter Wilmot's Wandering Willies seemed to have a cinch on the bunting a week ago, and they kept going right along winning every game they played, just as regularly as Matthews lost, but things have changed, and even Columbus has given Walter's bunch the rough touch of a shut out and beat them two games at one sitting. Since Saturday Grand Rapids has dropped out of the leader's position, Toledo has passed Fort Wayne for third place, and Dayton has gone to first, which it holds by a good strong lead of twelve points and only thirteen more games to play. Next week will see the close of the season, and while either of the four leading clubs has still a chance to secure the coveted streamer, it looks very much as though Dayton has the best of the running. Fort Wayne did not play yesterday, but will finish with Wheeling today with a double header, which will then leave the Fort Waynes with only nine more games to play, the same being some pretty tough ones. For tomorrow Fort Wayne is not scheduled, but jumps from Wheeling to Grand Rapids, and from there back to Dayton, and thence to Columbus, where the season will be closed a week from next Saturday. Last Saturday's game at Wheeling resulted in an easy victory for "Doggie's" men by a score of 16 to 6. Kenna and Mullin were opposing pitchers and Mullin had all the best of it. Fort Wayne made sixteen hits, of which Fuller got four and Nattress and McCann got three each. Following is the score by innings and the summary:

Innings— 1 2 3 4 5 6 7 8 9—
Fort Wayne 4 1 2 0 2 0 5 2 0—16
Wheeling.. 0 0 3 1 1 0 0 0 1— 6

Hits—Fort Wayne, 16; Wheeling, 11. Errors—Fort Wayne, 1; Wheeling, 6. Batteries—Mullin and Fuller; Kenna and Herbert.

Two-base hits—Kenna, Fox, Kane, F. Miller, Fuller. Three-base hits—Kane, Nattress. Stolen bases—Kane, Hart, Kenna, Babb, Bevans. First base on balls—Off Kenna, 5; off Mullin, 3. Struck out—By Kenna, 4; by Mullin, 7. Wild pitch—Kenna, 1. Double plays—Nattress to Thornton; Fuller to Nattress. Umpire—Mullane. Time—2:00. Attendance—500.

### OTHER SATURDAY GAMES.

Other games played by Western association clubs last Saturday resulted as follows:

Dayton, 17; Matthews, 2.
Columbus, 7; Grand Rapids, 3.
Toledo, 6; Marion, 4.

### YESTERDAY'S GAMES.

### NAPOLEON WON.

It was a pitcher's battle in the game between the Shamrocks and the Napoleon teams at Napoleon yesterday. Kissinger and Robbins, the two greatest independent pitchers in this section, were pitted against each other. Kissinger had the best of the support, the Shamrocks making four errors in the first three innings, after which they settled down and played lightning ball. Of the Shamrocks' three hits Tieman made two, both being for two sacks, and Quinn got the other one. The score:

| | R. | H. | E. |
|---|---|---|---|
| Shamrocks | 1 | 3 | 4 |
| Napoleon | 2 | 5 | 2 |

Batteries—Robbins and Tieman; Kissinger and "Kid" Clark.

### SHAMROCKS AT PIERCETON.

At Pierceton tomorrow morning the Shamrocks will play the rubber with the Kewannas and the winner of the game will play Bremen in the afternoon. The Shamrocks will leave at 7:30 tomorrow morning via the Pittsburg.

### BASE BALL NOTES.

Robbins pitched four games last week, winning three of them.

Yesterday at Kendallville the Library Hall team of this city was defeated by the Kendallvilles by a score of 6 to 2. McCoy and Murphy were in the points for Fort Wayne, but they could not hold the Noble county lads down sufficiently to win. Sensational plays were made by Stahl and Falvey of the Library Hall team.

# THE MARKETS.

Chicago, Sept. 9.—Steady cables and a fair outside demand caused wheat to open steady. Trade was light and mostly for May delivery. Sentiment among traders was somewhat bullish on encouraging news from Buffalo. Dec. opened unchanged to ⅛@⅜c higher, at 70⅛ to 70¼@⅜c, advanced to 70⅞@71c and reacted to 70¾@⅞c. Receipts at Minneapolis and Duluth were reported as 1,244 cars, against 891 cars a year ago, while local receipts were 187 cars, ten of which were contract.

Dec. touched 71@71⅛ and closed ½c higher at 71c.

Firm cables and cooler weather imparted momentary strength to corn. Dec. opened ¼ to ⅜c higher, at 57⅞@⅜c, advanced to 58⅛c and then declined to 57⅝@¾c. Receipts were 390 cars with 20 cars of contract grade. Oats opened better with other grains. Dec. opened ⅛c higher at 35⅛c and advanced to 35¼@⅜c. Receipts were 214 cars.

Local liquidations caused a reaction, but the close was ⅝c higher, at 57⅞c.

Provisions opened higher all around. Light offerings were mainly responsible. January pork opened 10c higher at $15.77½, lard was 5c higher at $9.20, with ribs 5c higher at $8.12½.

### THE CLOSE.

Prices at the close were as follows:

Wheat—Sept., 68⅝c; Oct., 59⅜c, Dec., 71c; May, 74½@⅝c.

Corn—Sept., 55⅝c; Oct., 56⅜c; Dec., 57⅞c; May, 59½@⅝c.

Oats—Sept., 33⅝c; Oct., 34; Dec., 25@35⅛c.

### THE DAY ON WALL STREET.

New York, Sept. 9.—Prices of Americans in London this morning showed sharp rebounds from Saturday's New York closing, reaching from 2 to 3 points in Atchison, Southern Pacific, St. Paul and United States steel pfrd. This helped the effect of the more hopeful news from Buffalo in quieting the nervousness which was rampant in financial circles on Saturday. The result was buoyancy in the local market. The average gains in prominent stocks dealt in, ran from 1 to 2 points. Amalgamated copper rose 3, Consolidated Gas 3¼ and Missouri Pacific, Atchison and Southern Pacific from 2 to 3 points. St. Louis and San Francisco 2 and pfrd. jumped 3¼. The market became very animated, although the individual blocks dealt in were not large, except in a few stocks, the effect of realizing sales became manifest immediately and there were quick recessions, ranging to 2½ in Amalgamated Copper.

The bear operators assisted the realizing movement by offering stocks freely, and the active stocks declined about a point below the opening. Missouri Pacific lost 2¼, St. Louis and San Francisco, 2nd pfrd., 2¾, St. Louis Southwestern pfrd. 2½ and Consolidated Gas 2¾. When it became evident that stocks were being less generally offered as prices declined, the traders took hold of various leaders and bid them up strongly, causing a general improvement before 11 o'clock. There was some indication of investment buying and shorts covered quite freely. Lackawanna rose 4½ on one transaction. American linseed pfrd. fell 1 and 2 points between the transactions and lost 8 points in all.

Prices worked upward, with some hesitation, to the best in some cases, notably for St. Paul, Atchison, Union Pacific, Brooklyn Transit and the Eries. Many of the usually neglected stocks made material progress upwards, including St. Louis and San Francisco, New York, Chicago and St. Louis 2nd pfrd., Wheeling and Lake Erie 1st pfrd, General Electrical and North American, which were 3 to 5 higher. The maintenance of the money rate at 6 per cent. helped the market.

The market continued to harden and the number of stocks showing advances of 2 points over Saturday was considerably increased. There were recessions again, but the tone was quiet and free from the nervousness or feverishness. Pullman rose seven.

Bonds were strong.

Prices continued to advance, St. Paul leading the rise and its gain of 4½ imparted confidence to sentiment. The best prices of the day prevailed and some of the favorite stocks ruled 6 points above last week's close, notably Atchison, Southern Pacific, Sugar and Brooklyn Transit. Profit taking later brought the market into slight decline and speculation became dull.

The collapse of the money rate caused a rush to cover amongst the bears and listed prices bouyantly. St. Paul led with an extreme advance of 7⅛. Baltimore and Ohio rose 4 and others from 3 to 4, among the linseed and the preferred 12. Profit taking caused a reaction of 1⅝ in St. Paul and fractions elsewhere. The closing was active and strong at about the top.

### NEW YORK MARKETS.

New York, Sept. 9.—Flour—Receipts, 39,000 bbls; sales, 4,700 pkgs. State and western showed more steadiness, but was quiet.

Wheat—Receipts, 107,800 bushels; sales, 970,000 bushels. Eased off from foreign selling at first, but promptly recovered on cables, a large decrease on passage and firm outside markets. Sept., 74¾@⅞c; Oct., 74⅛c; Dec. 76⅛@¼c; May, 79¼@½c.

Rye—Quiet; state 55@56 c. i. f.; New York, car lots; No. 2 western, 60½ f. o. b., afloat.

Corn—Receipts, 33,700 bushels; sales 110,000 bushels. Active and firmer on cold weather and higher temperatures. Sept., 61¾@⅞c; Dec., 61⅞@62⅜c; May, 63⅝@¾c.

Oats—Receipts, 198,100 bushels. Quiet, but firm with corn. Track, white, 38½@47c.

Beef—Quiet.

Pork—Firm.

Lard—Strong; prime western steam, $9.75.

Butter—Receipts, 6,706 pkgs., firm; state dairy, 14@18½c; creamery, 15½@20½c; June packed, factory, 14@15½c.

Cheese—Receipts, 5,581 pkgs; steady; fancy, large colored, 9c; fancy, large white, 9c; fancy, small colored, 9½c; fancy, small white, 9½c.

Eggs—Receipts, 8,377 pkgs; firm; state and Pennsylvania, 18@20c; western, candled, 17@18c; western, uncandled, 14@17c.

Sugar—Raw, steady; fair refining, 3 5-16c; centrifugal, 96 test, 3⅞c, molasses sugar, 3 1-16c; refined, steady; crushed, $5.75; powdered, $5.35; granulated, $5.25.

Coffee—Dull; No. 7 Rio, 5 9-16c.

**Scrofula**

**THE OFFSPRING OF HEREDITARY BLOOD TAINT.**

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

**SSS** makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

# SOME SURPRISES

THREE WELL KNOWN MEN RESIGN POSITIONS.

## THE EEL RIVER IN NEW HANDS

THE PENNSYLVANIA COMPANY TAKES PROPERTY.

## SUNDAY TRAVEL VERY HEAVY

NICKEL PLATE PARTICULARLY WELL PATRONIZED.

Excepting the shooting of President McKinley, the most interesting matter for conversation in shop and railway circles this morning was the resignations of three men, which came as a surprise to their friends.

Lewis E. Fryer, for nine or ten years foreman of one of the departments at the Fort Wayne Electric works, handed in his resignation Saturday evening without stating reasons. It is understood that he has another position in view, but he does not make known what it is.

J. A. House, for sixteen or eighteen years employed as a trainman on the Nickel Plate and much of that time as a conductor, handed in his resignation also Saturday evening. He does not make known his intentions as to future employment, but it is believed he intends to quit railroading.

Frank Frara, a machinist employed at the Wabash shops, served notice of his intention of resigning this morning. He resides upon a piece of land on Brooklyn avenue, along the line of the Fort Wayne and Southwestern electric road, where his sons have been engaged in raising garden truck. They will resume their school studies and it is to take charge of the garden work that Mr. Frara quits the shop. With the exception of about a year, when he was employed in the shops of the Indiana Road Machinery company's factory, Mr. Frara was employed in the Wabash shops a quarter of a century. He is a good fellow and his presence there will be missed by foremen and employes generally.

### NOW A PENNSYLVANIA LINE.

The future of the Eel River railroad, which has been a subject of litigation ever since it was constructed and which was recently wrested from the Wabash, was settled Saturday when the Logansport and Toledo Railway company was organized and articles of incorporation filed with the secretary of state. The directors of the new company are all Pennsylvania railroad men and, of course, the owner of the Eel River road is now the Pennsylvania company. It will be used as a connecting link between the Vandalia and Panhandle with the Grand Rapids and Indiana road, making a short route from Louisville and other cities in that part of the country to the resorts and lumber regions of the north. It is claimed that the company also intends to build from Butler, the terminus of the Eel River, to Toledo. The Eel River road is ninety-three miles long and through its lease the Wabash was compelled to pay annually to the stockholders $90,000. When the New Haven-Butler line is completed the Wabash will have no use for the Eel River road and the stockholders of the former company are no doubt glad to get rid of it. The New Haven-Butler road will be ready for operation by the middle of November, when the Eel River will be turned over to the new company.

### THE EXCURSION BUSINESS.

Other Fort Wayne lines were "not in it" with the Nickel Plate in the excursion business of the past two or three days. Besides receiving the bulk of the Grand Army travel, that road brought in the largest excursion of the month and possibly of the season, yesterday. That party came from Hibbard and towns in that vicinity and it numbered 702 persons. Most of this crowd was composed of Germans, who came to attend the German day exercises at Centlivre park, and they were as jolly and good natured a lot as ever came here upon a similar mission. The Lake Erie and Western came next in the number of excursionists brought into the city yesterday. That road brought in 400, about 300 being Germans, who went directly to the park. The Lake Erie also had an excursion to Indianapolis yesterday, which in a numerical and social sense was a decided success. One hundred and thirty-nine tickets were sold here and the train picked up 350 more passengers along the line, going into Indianapolis with nearly 500 people. The Wabash led in the number of people carried out of the city, excepting those who went to the encampment. That company sold 166 tickets to Lafayette, 71 to Logansport, 139 to Toledo, 70 to Detroit and five to Put-in-Bay, a total of 451. Next Sunday the Wabash expects the largest Detroit excursion of the season, and one of the most pleasant, too. On that occasion the famous and magnificent excursion steamer, "Tashmoo," will carry the excursionists from Toledo to Detroit. Rome City continues to be quite an attraction to Fort Wayne people, notwithstanding the fact that the meetings there are over for the season. Yesterday there were 340 tickets sold for that point. The Grand Army movement over the Nickel Plate, as predicted by The Sentinel, is simply immense. Yesterday there were two sections of trains No. 2, 4 and 6, and in addition there was a special train turned in from the Cincinnati, Hamilton and Dayton, making five special in all. This afternoon there were two sections of train No. 2 and there will be two sections of No. 4, and possibly four sections of No. 6. There was also another special train from the Cincinnati, Hamilton and Dayton, and some extra cars from the Grand Rapids and Indiana. In addition to all this travel the company also sent out a special train bearing Sion S. Bass and Anthony Wayne posts, of this city, mention of which is made elsewhere in today's Sentinel. The Wabash had two trains loaded with encampment excursionists last night also. They were turned over to the Lake Shore at Toledo. In addition to the Lawton post, of this city, the Pennsylvania train No. 36 carried the posts from Van Wert and Forest to Crestline, furnishing extra cars for each post. A number of Grand Army people were also taken on at the other Ohio towns en route to Crestline. At the latter place the excursionists were turned over to the Big Four road.

### GRASS FIRES MAKE TROUBLE.

The Pennsylvania is experiencing considerable trouble with grass fires at present. Previous to the recent rains fires raged extensively, but the rains extinguished the flames and no further fires were expected this year, but they have broken out again. The worst trouble is in the vicinity of Columbia City. In the work of extinguishing the flames the section men are aided by the work train engine and crew. Several engine tanks are filled with water and rushed to the scene and in this way the fires are speedily extinguished.

### STRUCK BY A TRAIN.

A man named Joseph Kochenderfer, bleeding and unconscious, was found lying along the Pittsburg tracks at the river bridge near Bucyrus yesterday morning. He had several scalp wounds and was bruised about the body badly. He was unable to tell how he received his injuries, but it is supposed he was walking on the tracks and was struck by a train.

### MR. M'KEE NEARLY WELL.

It will be welcome news to the many friends of G. S. McKee, master mechanic of the Wabash, to learn that he has so far recovered from the surgical operation that he will leave the hospital for his home tomorrow. He will, it is hoped, soon be able to look after railway affairs.

### NEW DEPOT FOR BLUFFTON.

The citizens of Bluffton have finally interested the Lake Erie and Western company in their behalf to the extent of a promise of a new depot and freight house at that point next year. The freight house will be erected on the vacant ground south of the present passenger station and the passenger station will be erected on the site of the old one, but will extend out to Washington street. The old depot was erected in 1870 and has never received a particle of attention from the carpenters since, though the painters gave it one or two coats of paint in the thirty-one years of its existence. Outside of Fort Wayne, Bluffton is the best point, in a business way, on the road.

### AIR-BRAKE CAR LEAVES.

Capt. H. M. Deihl and his air-brake car left upon an educational tour this morning which may be extended to the holidays. The first stop will be in Chicago, where the Chicago terminal employes will receive instructions. The next stopping place has not been announced. During his stay on the Chicago terminal Captain Deihl will come home every Saturday night.

### ELECTRIC FIELD DAY.

The annual outing and athletic tournament of the Fort Wayne Electric Relief Union, which occurred Saturday afternoon at Robison park, was the brilliant success that its promoters hoped it would be. The weather was fine and the grounds were in excellent condition for all exercises except the bicycle races, and they were not so bad even for that purpose. The attendance was good, but not so large as it would have been were it not for the excitement over the shooting of the president and the consequent reluctance on the part of many to leave the city and be deprived of opportunity to hear the latest news from Buffalo. The spectators to the various events were about equally divided as to sex, showing that the ladies take as much interest in athletic events as do the men. The result of the contests was as follows:

100 yards dash for boys under 15—Rehrer, first; Siebold, second; Lahmeyer, third. Time, 12 seconds.

Three-legged-race — Wehnert and Eldred, first; Bucher and Logeman, second. Time, 14 seconds.

Three-mile handicap bicycle race—Riethmiller, first; Bucher, second; Lahmeyer, third. Time, 10:25.

Sack race, 50 yards—Wehnert, first; Hayes, second; Harper, third. Time, 11½ seconds.

Potato race—Wehnert, first; Bauer, second. Time, 49 seconds.

One-third mile running race—Hayes, first; Doell, second.

One-mile bicycle race—Steele, first; Bucher, second; Reithmiller, third. Time, 3:19.

100 yards dash—J. Eldred, first; J. Hayes, second; Bauer, third. Time, 10 1-5 seconds.

Two-mile handicap bicycle race—Bucher, first; Reithmiller, second; Lahmeyer, third. Time 6:10½.

Fifty yard tandem race—Harper and Borchet, first; Bauer and Bauer, second. Time 8 1-5 seconds.

Girls' egg race—Mamie Steup, first, Irma Branman, second.

Running broad jump—Eldred, first, 19 feet 8 inches; Wehnert, second, 16 feet 9½ inches.

Rifle shoot—Harry Donavan, first; Tom Dascomb, second.

### INDUSTRIAL NOTES.

C. Woebbeking, of the electric works, is sick and off duty.

Machinist Barney Webber, of the Pittsburg, is at work again, after a few days' illness.

Mr. and Mrs. William Hulse are at Buffalo for a week's stay. He is a Pittsburg machinist.

Charles A. Hartman, clerk at the Wabash offices, was in Chicago yesterday, visiting friends.

Brakeman Goslee, who was hurt on the Nickel Plate two weeks ago, reported for duty yesterday.

Louis Statter, L. C. Brudi, A. Burchard and F. Scheiferstein, Pittsburg shopmen, are sick and off duty.

Fred Wellman, of the electric works, who has been off duty for some time, reported this morning.

William Geiger has returned from a trip out in the interest of the lumber department of the Pennsylvania.

Nickel Plate Conductor J. M. Wells was taken sick Saturday and is unable to take his place in the service.

Earl Repine, switchman in the Pittsburg yards, is suffering with a lame foot, which will keep him from work for a few days.

The Erie company has reduced its expenses $700,000 per annum by "lopping off" some of the official heads. The road was top-heavy.

Donald McDonald resumed his duties in the Pittsburg machine shop this morning. He had been attending the Pan-American exposition.

Frank Granger, Pittsburg conductor, has returned from Cleveland and other northern Ohio cities, where he spent a two weeks' leave of absence.

Assistant Foreman F. J. Burns, of the Pittsburg roundhouse, who had been absent for the purpose of entertaining some visitors, resumed work this morning.

Martin Kramer, foreman of the shipping department at the Pittsburg shops, who was injured last week, is recovering and this morning reported for duty.

General Superintendent Ward, of the Great Northern railway, passed through the city, over the Pittsburg, at 10:10 o'clock this morning, riding his special car.

Mr. and Mrs. George Breese are visiting Cleveland. They will attend the Pan-American exposition before returning home. Mr. Breese is a machinist at the Bass works.

The malady with which Ed Challenger, of Shop Clerk Hobrock's office, has been suffering has developed into a severe attack of quinsy and the patient is quite sick.

Compressed air connection is being made with the new transfer table at the Wabash shops and after today hand power will be a thing of the past so far as that table is concerned.

Jacob and John J. Backes, boilermakers, resumed their duties in the Pittsburg shops this morning. The former had been sick and the latter was injured in a bicycle accident a week ago.

A train of five Pullman cars and a private car was hauled on Wednesday from Marion to Huntington, on the Erie Railway, 127 miles, in 118 minutes, breaking all records on the western division of the Erie.

Pittsburg engineers J. E. Long and B. F. Campbell are sick and Engineers Theodore Titus, George Huber, F. McGuire and W. H. Winger are off duty by permission. The latter has gone to Cleveland.

William Jordan, of the east yards, and Miss Celia Gunkle, of Swinney avenue, will be married October 9. At least this is the information that is given The Sentinel by an intimate friend of the couple. The coming wedding is causing some comment among the friends of Mr. Jordan and Miss Gunkle, who are very popular young people.

E. F. Frarrer, clerk in Supt. C. E. McKim's office in Pittsburg, and A. C. Robertson, telegraph operator in the Pennsylvania offices in Pittsburg, were guests of Operator George I. Worth over Sunday.

Patrick Scully, who had a lame foot two or three weeks, resumed his duties in the car machine shop of the Pittsburg this morning, and C. H. Grim, who was sick a few days, reported for work in the lumber yards.

Foreman T. J. Rodabaugh, of the paint department of the Pittsburg shops, has gone to Buffalo to attend the annual convention of the Master Car Builders and Locomotive Painters association, which will be held there this week.

Blacksmith George Killen resumed his place at the forge in the Pittsburg shops this morning after a sojourn of a week or ten days at one of the lakes near Pierceton, Ind. Mrs. Killen and her sister accompanied Mr. Killen on the trip.

Next Wednesday Mr. and Mrs. E. B. Babcock and children will leave for Sacramento, Cal., which city will be their home in the future. Mr. Babcock resigned the position of chief car inspector of the Findlay, Fort Wayne and Western a week ago.

Mr. and Mrs. James Griffith have returned from the east and the Pan-American exposition, where they spent over a week. Mr. Griffith, who is a Nickel Plate engineer, resumed his duties on the road yesterday.

The Empire Express on the New York Central road is hauled by an Atlantic type engine, similar to the new ones about to be placed in service on the Wabash road. This enables the company to add another car to the train without reducing the speed in the least.

The Pittsburg blacksmith shop, which was slightly crippled a few days by a number of men being on the sick list, is in better shape today, several of the sick ones having recovered and reported for work. Among them are Fred Glussenkamp, F. X. Miller, M. R. Hardendorf, Martin Crawford and R. W. Shaw.

Capt. H. Stoll, of the Pennsylvania police, this morning received photographs of the four negroes arrested and sent to the penitentiary at Logansport last week. Their arrest and conviction was caused by Capt. W. M. Somers, formerly of this city, and the expeditious manner in which it was accomplished reflects credit upon that official.

Brakeman A. A. Sanders, of the Nickel Plate, sustained a slight fracture of one of the bones of his right leg in a most peculiar manner Saturday. While in the act of climbing a car ladder, his foot slipped and the leg struck a projecting bolt. Mr. Sanders continued his run, but is likely to be off some days with the accident.

In direct taxes the railroads of New York paid last year $4,500,000, those of Illinois $4,100,000, those of Pennsylvania $3,700,000, and the other large states the following sums: Massachusetts, $2,900,000; Ohio, $2,650,000; Indiana, $2,500,000; Kansas, $2,200,000; New Jersey, toward the state expenses, $1,580,000; Wisconsin, $1,500,000; Iowa, $1,400,000; California, $1,300,000 and Texas an even $1,000,000.

Yard Foreman John Repine, of the Pittsburg, and his wife entertained the members of their family and a number of visitors from other cities at dinner yesterday. It was sort of a reunion of the family and of old acquaintances. Among the guests from abroad were Mrs. Ruth Fink and two daughters, of Texas; Mrs. Adelia Ross and Mr. and Mrs. Homer Dowe, of Muncie; Mr. and Mrs. Dal Green, of Galion, Ohio, and Mr. Dickey, of Hartford City, Ind.

Capt. J. C. Kensill, the retired boilermaker of the Pittsburg shops, is unable to attend the Grand Army encampment this week on account of the condition of his eyes. This is a severe disappointment to the captain, who takes a great interest in Grand Army affairs and has always attended the encampments and reunions. He has been at the depots much of the time during the past two or three days, greeting his old comrades as they appear there to take the trains for Cleveland.

The National Association of Railway Postal Clerks and the United States Railway Mail Service Mutual Benefit association will hold their annual convention Sept. 17 in Milwaukee. This is the first time in the history of the two organizations that their conventions have been held at the same time and place. The organizations come under the immediate supervision of the chief transportation officer, who is Second Assistant Postmaster General W. S. Shallenberger. There are on the executive staff eleven division superintendents, thirty assistant superintendents, 130 chief clerks and 9,000 railway postal clerks.

The annual automobile race called the "Course du Catalogue," which was run this year between Melun, Nangis and Valence, was curious in the fact that, instead of the vehicles being classed according to weight and capacity, they were classed according to catalogue price.

# OFF TO CLEVELAND

### FORT WAYNE VETERANS DEPART FOR ENCAMPMENT.

### MANY BOYS IN BLUE IN LINE

### ALL G. A. R. POSTS WERE WELL REPRESENTED.

### OLDEST VETERAN WAS HERE

### JOHN H. REED, 102 YEARS OLD, WITH THE PARTY.

Fort Wayne veterans in goodly number fell into line behind stirring music this morning and turned their faces toward Cleveland, where the annual encampment of the Grand Army of the Republic is to be held during the present week. Nearly two hundred of the Fort Wayne boys in blue will join old comrades in the Ohio city this week and for a time live again in memory the stirring days of the rebellion.

Sion S. Bass post and Anthony Wayne post occupied a special train which left over the Nickel Plate at 10:30, and their march to the depot was headed by the band from the state school. Attached to the train was a special car bearing the John Porter post, of Geneva, which came in over the Grand Rapids and Indiana road at 9 o'clock. The Wabash veterans who were to have accompanied the party were delayed and will leave the city this afternoon. A total of 220 tickets were sold for the train.

General Lawton post No. 590 occupied a special car attached to Pennsylvania train No. 35 and there were forty-nine members of the post in the party. Accompanying the Fort Wayne veterans, both on the Nickel Plate and the Pennsylvania, were a large number of old soldiers from the surrounding towns.

THE OLDEST SURVIVOR.

For a few hours this morning Fort Wayne had the distinguished honor of entertaining the oldest survivor of the civil war, and he was about as hearty and hale-looking a man as there was in the party and did not look within twenty-five years of the age which he truthfully claims to have attained. The old gentleman is John H. Reed, of Adams county, and he was 102 years old last February. His 100th birthday anniversary, celebrated over two years ago, was a notable event and was widely exploited in the newspapers at the time.

Mr. Reed lives with his third wife and several of his children on a farm about five miles from Decatur, and he frequently walks to Decatur for his mail when the farm horses are busy. He was a member of the 124th Ohio infantry, having enlisted near Cleveland, and he passed through the war with the Fourth army corps and was in all the principal battles in which that corps participated, including Shiloh and Missionary Ridge. He was with Sherman and speaks familiarly of "Old Joe Hooker."

Shortly after the war he moved to Adams county and has lived on the farm which he now occupies for over thirty years. He wears no glasses ordinarily, but admits that his eyesight is beginning to fail him some. He says he has chewed, smoked and drank liquor ever since he was a boy and doesn't see that it has hurt him much. While standing at the depot a martial band struck up a lively air, to which Mr. Reed kept time in a very neat old-fashioned dancing step and did not seem to be fatigued by the exertion.

"Wouldn't want to be young again," said the old gentleman, "fer when a man's young he's got too much to go through afore he gits old enough to die. No, I wuzn't in the Mexican war; I wuz layin' brick them days in New Orleans an' gittin' ten dollars a day, which wuz a darn sight better than goin' down there to be shot at by Greasers."

"Suppose your wife has long since passed away?" suggested The Sentinel.

"Some of 'em has; some of 'em has," said the old gentleman. "But my third one is still livin' down on the farm and she's a mighty good woman."

Speaking of his trip to Cleveland he said: "I expect there's mighty few of 'em as kin say that they went to Cleveland the first time over seventy-five years ago, but I did, an' I was a right smart chunk of a man then, too. Cleveland didn't amount to much, though, in them days, an' I guess I won't reckollect many of the stores any more." And the old fellow laughed heartily at his little joke.

Mr. Reed was born in Vermont, his father being a "regular Yank," while his mother was a French Canadian. He has a son nearly seventy-five years of age and an older child died many years ago.

The Sentinel wished him good luck and a safe journey, and as he shook hands in good-bye the veteran said: "O, I'll git along all right. As long as a feller kin git plenty of terbacky and a snifter of good likker occasionally there ain't no use of feelin' old."

# GRAVE TROUBLE SEEMS EMINENT

(Continued From First Page.)

and while they were orderly, they refused to obey the orders of the fifty deputy sheriffs on guard.

Fewer workmen reported from McKeesport than last week, though more men came by boat from Duquesne.

As the morning advanced the excitement in McKeesport increased and by noon the streets were crowded. A large crowd assembled around the railroad station and watched all trains for imported men. Strikers in skiffs also patrolled the river. Excitement has not been so tense since the strike began and the possibility of trouble seems to be great.

SIGNS OF PEACE.

Pittsburg, Sept. 9.—The air of mystery surrounding the Amalgamated headquarters during last week's conference of the general executive board still pervaded the rooms today. The members of the board were again on hand early, but all efforts to secure information as to the subjects under discussion, or to get an expression from any of them, were futile. President Shaffer had "nothing to say" to all interrogatories.

The continued session of the Amalgamated executive board is regarded as a hopeful sign. It is now felt that the strikers will accept any honorable terms made by the steel people, and a visit of the Amalgamated officials to New York at any time to deal directly with President Schwab is not improbable.

The situation at McKeesport is looked upon with apprehension, and an outbreak is feared at any moment. Locally there is no change. All the mills started by the combine are running. The strikers are not interfering with the workmen and everything is quiet.

The crucial test in the strike will soon come, when the steel company starts in earnest to open its closed mills. This, it is said, will be done in a few days, and the combine officials claim that when the strikers realize how many of the old men are at work they will tumble over one another to get back to their old places.

A FEW RETURN AT BAY VIEW.

Milwaukee, Wis., Sept. 9.—Thirty-five Amalgamated association men returned to work at the plant of the Illinois steel mills in Bay View today. Others are expected by the officials of the steel company to return in a few days. It is said two of the company's mills, the twelve inch and rail mill, were started this morning. There was no trouble whatever. Many of the radicals and those who attended and spoke at a meeting yesterday were posted as pickets today and took the names of all those who went to work. The mechanical department is said to be working with almost a full force. J. D. Hickey and J. F. Cooper, the two men who went to Pittsburg ten days ago to interview President Shaffer, are among those who returned to work.

ISSUED "WEEKLY" EXTRA.

The Sentinel today issued an extra edition of the Weekly Sentinel for the benefit of people residing in the country who have no opportunity to see daily newspapers or access to news of the assault made on the life of President McKinley. Filled to the brim with all the news of the tragic event up to the hour of going to press, the Weekly extra went into the country today carrying for the first time details of the sad affair to thousands.

Uneasy Rests the Head....

Under a leaky roof, mayhap experience has taught you that. Then why not have the roof repaired? Rust is to iron like contagious disease to humanity. The longer it is left unattended the faster it spreads and the harder it is to stop. We have the material to stop it. We buy carefully; we are good judges of metal, we know whether the mechanical work on the tin or iron has been well done, and, most of all, we have the courage to refuse to buy an inferior article, even though we could make more money in selling it. The workmanship we furnish now, we guarantee to be of the highest standard. In the way of repair work our tinners can do pretty nearly every thing. They havn't tried to repair watches nor broken hearts, but they have done everything else we can think of. Telephone us whenever anything goes wrong.
